However, the book also describes the relationship of the creative artist to mental disturbance in various contexts, including an innovative academic treatment, personal experiential essays written by the author, excerpts related to the author's semi-autobiographical novel, and illustrative blog excerpts from the author's struggling actor son. The main theme of the book is that through humanistic, supportive environments for creative artists, the phenomenon of the successful creative artist in the context of success in both one's creative artistic endeavors as well as a satisfactory adjustment to day-to-day life can be nourished and enhanced.
