## **Creator From Religious To Spiritual:**

Creator Mimi Hitselberger, 1999      **Religion & Spirituality** Stephen R. Honeygosky, 2006 I m spiritual but not religious This is a phrase that is heard more and more lately The purpose of this book and of the symposium out of which it grew is to repair the perceived dichotomy between religion and spirituality The ten contributors here believe and argue that there is more to religion than structure rules and rituals and there is more to spirituality than individualism and disconnection According to editor and contributor Stephen Honeygosky religion too often presumes spirituality and spirituality just as often dismisses religion Each camp takes to the high ground of disconnection and mutual exclusion he says but they should be meeting on the plain where real conversation and communion foster compatibility and mutual growth In fact religion and spirituality need each other alone each is incomplete The book explores how the split between religion and spirituality occurred over the past few centuries and verifies how the situation is clearly evident today especially with young adults Contributors include Richard Rohr OFM Demetrius Dumm OSB Camille DeBlasi Barbara Fiand SNDdeN Carl Arico Anthony Bosco Roberta Campbell OSB Vernon Holtz OSB Arthur Schwartz and Stephen Honeygosky Book jacket      **Religion, Spirituality, and Positive Psychology** Thomas G. serve to marginalise religion and spirituality and reflects on social science research methodologies when researching religion and spirituality With international contributions from key academics in the fields of religious studies cultural studies political science criminology sociology health and social policy this engaging book will provide social science students educators researchers and practitioners with an essential overview of key debates around secularism faith spirituality and social science research
