Crefft Y Cyfarwydd:

Darogan Aled Llion Jones,2013-10-15 Political prophecy was a common mode of literature in the British Isles and much of Europe from the Middle Ages to at least as late as the Renaissance At times of political instability especially the manuscript record bristles with prophetic works that promise knowledge of dynastic futures In Welsh the later development of this mode is best known through the figure of the mab darogan the son of prophecy who variously named as Arthur Owain or a number of other heroes will return to re establish sovereignty Such a returning hero is also a potent figure in English Scottish and wider European traditions This book explores the large body of prophetic poetry and prose contained in the earliest Welsh language manuscripts exploring the complexity of an essentially multilingual multi ethnic and multinational literary tradition and with reference to this wider tradition critical and theoretical questions are raised of genre signification and significance

This is Not a Grail Romance Natalia Petrovskaia,2023-07-15 This is Not a Grail Romance provides answers to some of the most important questions surrounding the medieval Welsh Arthurian tale Historia Peredur vab Efracw one of the few surviving medieval Welsh narrative compositions and an important member of the Grail family of medieval European narratives The study demonstrates that Historia Peredur is an original Welsh composition rather than as previous theories have suggested being an adaptation of the twelfth century French grail romance The new analysis of the structure of Historia Peredur presented here shows it to be as complex as it has always been thought but also more formal and the result of intentional and intricate design The seeming inconsistencies or oddities in Historia Peredur can be understood by reading it in its medieval Welsh cultural context allowing the modern reader a greater appreciation of both the narrative and the culture that produced it

Arthurian Literature XXI Ceridwen Lloyd-Morgan,2004 A special number devoted to Celtic material This special number of the well established series Arthurian Literature is devoted to Celtic material Contributions from leading experts in Celtic Studies cover Welsh Irish and Breton material from medieval texts to oral traditions surviving into modern times The volume reflects current trends and new approaches in this field whilst also making available in English material hitherto inaccessible to those with no reading knowledge of the Celtic languages CERIDWEN LLOYD MORGAN has published widely in the field of Arthurian studies She is currently Honorary Research Fellow in the School of Welsh Cardiff University

Sir Bevis of Hampton in Literary Tradition Jennifer Fellows,Ivana Djordjević,2008 Sir Bevis of Hampton is one of the most widespread and important Middle English romances This book considers its historical and literary contexts and its Welsh Irish and Icelandic versions

medieval and modern literatures It also discusses folklore ballads and other popular traditions as well as place names

Legendary Poems from the Book of Taliesin Marged Haycock,2007 *Celtic Culture* John T. Koch,2005-12-16 This encyclopedia covers the entirety of the Celtic world both through time and across geography Although emphasizing the areas where Celtic languages and traditions survive into the present the work does not slight the reaches of the Celtic empire which was the largest language and cultural group on earth prior to the rise of Rome In some 1 500 articles many representing original research by the finest Celtic scholars the work covers the Celts from prehistory to the present giving comprehensive treatment to all topics from myth to music religion to rulers literature to language government to games and all topics in between Cambrian Medieval Celtic Studies ,2008 Arthurian Literature ,2004 The Welsh King and His Court T. M. Charles-Edwards,Morfydd E. Owen,Paul Russell,2000 A series of 24 papers collected from a conference on Welsh law held at Greynog in 1993 which focus on the organisation and function of the itinerant medieval Welsh court and the ways in which governmental offices developed from household positions **Crossing Boundaries** Patrick Sims-Williams,Gruffydd Aled Williams,2007 Congress lectures JAVIER DE HOZ The Mediterranean Frontier of the Celts and the Advent of Celtic Writing MARK REDKNAP Crossing Boundaries Stylistic Diversity and External Contacts in Early Medieval Wales and the March Reflections on Metalwork and Sculpture MAIRE HERBERT Crossing Historical and Literary Boundaries Irish Written Culture Around the Year 1000 MAIRIN NI DHONNCHADHA Seeing Things Revelation in Gaelic Literature JERRY HUNTER Llywelyn s Breath Arthur s Nightmare The Medievalism within Welsh ModernismRONALD BLACK How Wrong Can We Be Peering into the Future of Scottish Gaelic Literature **Selections from Ystoria Bown O Hamtwn** Erich Poppe,Regine Reck,2009 Selections of Ystoria Bown o Hamtwn provides edited selections together with an introduction notes and glossary from a long and entertaining thirteenth century Welsh text which belongs to the genre of medieval translations **The Origins of the Four Branches of the Mabinogi** Andrew Breeze,2009 The Origins of the Four Branches of the Mabinogi is one of the most revolutionary books ever published on the literatures of Britain Its subject is four stories in the collection of Welsh prose tales known as The Mabinogion These Four Branches of the Mabinogi are the legends of Pwyll Prince of Dyfed Branwen Daughter of Ll r Manawydan Son of Ll r and Math Son of Mathonwy which have long enjoyed popularity as Wales s most significant contribution to world literature The Four Branches are tales of love adventure and magic but also of rape adultery betrayal and attempted murder Although most scholars agree that the four stories are the work of a single author there has been no agreement on where and when they were composed To these questions The Origins of the Four Branches of the Mabinogi offers a startling answer It has always been assumed that the tales are the work of a male author However Andrew Breeze convincingly shows not only that the Four Branches were composed by a female writer but that she can be identified as Gwenllian daughter of Gruffudd ap Cynan d 1137 king of Gwynedd and wife of Gruffydd ap Rhys d 1137 prince of Dyfed Gwenllian was born at the close of the eleventh century

married Gruffydd when she was in her teens and for most of her life lived quietly with him near Caio in the hills of Carmarthenshire Her end was dramatic In early 1136 she led an attack on the Normans of Kidwelly was defeated in battle and executed outside the town Despite this catastrophe her son Rhys d 1197 survived to lead resistance to English rule and to maintain Dyfed s independence Amongst his descendants were Henry VII of England and James VI and I of Scotland and England so that the line of Princess Gwenllian can be traced down to the modern British royal family Gwenllian s position within the dynasties of Gwynedd and Dyfed explains why the political and territorial aggrandizement of both territories is uniquely a theme of these tales It also explains the uncommon tact with which conflict between them is described It means too that the stories give a representation of royal government and decision making in twelfth century Wales by one who knew them from inside Andrew Breeze s sensational analysis of this classic text is published in full in this volume for the first time

Medieval Women Jocelyn Wogan-Browne,2000 In this themed collection of 24 articles by literary historical and archaeological scholars the study of medieval women is confidently and freshly mainstream Profiting from the development of newly flexible models of gender literacy the political the social and the domestic the volume is non separatist exploratory both of new source materials and new readings of established sources and able to consider the broadest implications for the study of medieval culture without simply re absorbing medieval women into invisibility Grouped under the headings of matters of reading of conduct and place the essays move from legal cases to actual buildings and conceptions of the household to conduct books and chronicles to romances and saints lives to the medieval unconscious and back again exemplifying the mature interdisciplinarity of current work on medieval women **The Folklore Historian** ,2005
