Cries And Whispers:

Ingmar Bergman Birgitta Steene,1987 The films of Swedish director Ingmar Bergman are renowned for their largely spare and stark aesthetic an existential framework and plots driven by a fascination with death and the moral torments of the human soul Birgitta Steene offers here in *Ingmar Bergman A Reference Guide* an essential and unparalleled resource on the life and work of Bergman Plumbing the depths of these trademark Bergman themes Steene traces as well the indelible mark he left on world cinema through his other cinematographic work and writings Over the decades Bergman s stature and image have evolved in fascinating ways an iconoclast of the 1950s a bourgeois traditionalist of the 1960s and an icon in the 1980s This exhaustive compendium considers each phase of his career exploring his deep and vast oeuvre in all its controversy and complexity and analyzes his intriguing and unique motifs such as his efforts to expose dead conventions and his portrayals of Woman as the archetype of humanity As well as providing a detailed account of Bergman s life and chronicling his career as a filmmaker and theater director including his work for television Steene offers transcripts of some of the numerous interviews and conversations she conducted with Bergman Writings by and about Bergman and a detailed chronological survey of his film and theatrical work completes this eminently readable and thoroughly researched volume A wide ranging and groundbreaking work of film history *Ingmar Bergman* is the definitive reference for scholars of the Scandinavian master

Cohen,1993 The late Jean Renoir once observed that every film auteur tells and retells essentially one story his own In this pathbreaking study of all Bergman s films Hubert I Cohen vividly demonstrates how the great director is the quintessential auteur driven from his earliest efforts by an almost pathological narcissism toward self revelation Drawing on the numerous interviews Bergman has granted as well as other biographical and critical sources including the director s autobiography *The Magic Lantern* Cohen shows us how Bergman s preoccupation with his own life is the wellspring of his art Progressing chronologically through Bergman s oeuvre he finds the films both the product of and commentary on their creator s childhood and youth loves and beliefs *60 Years of the Oscar* Robert Osborne,1989 Illustrations and text provide an official history of the Academy Awards to 1988 **Partisan Review** John Reed Club.
