The Crime of Silence Orison Swett Marden,1915 **The Crime of Silence** Orison Swett Marden,2014-03 This Is A New Release Of The Original 1915 Edition *Against the Gates of Hell* Gordon Severance,Diana Severance,2012-10-22 A riveting story of one man s life and ministry during the explosion of Christian missions in nineteenth century America Against the Gates of Hell is the biography of Henry T Perry a missionary to Turkey from 1866 to 1913 Based heavily on previously unpublished letters and diaries from the ABCFM American Board of Commissioners of Foreign Missions archives in Harvard s Houghton Library Against the Gates of Hell provides an eyewitness account of the last years of the Ottoman Empire years that are the foundation for the modern Middle East Perry s diary also reveals a life wholly committed to Christ by his example challenging the reader in his own Christian walk Here too can be found historical testimonies of Muslim Christian relations which have assumed renewed importance since the events of September 11 2001 Against the Gates of Hell is classic narrative history carefully researched attentive to human interest detail and contextually rich in historical background Because of the richness of the historical background the work becomes a cultural history as well as a biography The book includes firsthand eyewitness accounts of the 1894 1895 Armenian massacres and the 1915 Armenian genocide Against the Gates of Hell is especially timely for the 100th anniversary in 2015 of the 1915 Armenian Genocide the first genocide of the twentieth century **The Crime of Silence** Orison Swett Marden,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1915 edition Excerpt of the night especially in our large centres of population The whole influence of our modern city life is calculated to over stimulate the lower nature and unfortunately the city offers all sorts of opportunities for secret indulgences in vice This makes cities much more dangerous for the young than the country and the smaller towns No one knows and no one cares what a lone boy or girl in a great city does and the worst feature of the dangerous fascinations of all the city s lures from vile sources is that their appeal is strongest their power to tempt greatest just at the time when young people are struggling with an inner passion which utterly bewilders and surprises them especially if they have had no safeguard of knowledge thrown up to protect them It is the first step that counts whether on the up or on the down grade Job tells us that man is born to evil as the sparks fly upward and it certainly seems to be the great trouble with many of us that we are more inclined to take the downward than the upward step that instead of obeying the call of the higher man and ascending to the heights where purity and blessedness dwell we are but too ready to listen to the call of the beast and go down to the depths And oh it is so fatally easy to yield to the wrong after the first false step After the first sin it becomes easier and easier to do wrong until the habit is formed and the protest within becomes fainter and fainter less and less insistent until gradually self respect dies out and the downward course is accelerated Thousands of women have regretted all their lives the drinking of their first cocktail or allowing the first kiss the first embrace or other familiarity of
