Crimes of Fire Nick Katsoris,2000-11 **Crimes of Fire** J N Colon,2020-06-22 Fae freak Killer Abomination I ve been accused of terrible crimes And I m far from innocent My uncontrollable powers earned me a cell in Wayward Fae Penitentiary where the inmates have it out for me and the guards turn a blind eye to every bit of violence I m here for one reason only and that s to assassinate the ruthless unseele prince Viktor claims he s going to break me make me wish I never set foot in his prison If that were true why does he keep saving me from the dangerous alpha shifter salivating for my blood W F P is not your average lockup The prince has more authority than the warden creatures roam the halls at night and a war between unseeles and shifters is brewing When I m viciously attacked Viktor brings me back from the brink of death but no one could have foreseen the consequences How could I go through with my mission now If I kill him I ll become the monster everyone thinks I am If I don t innocent blood will spill Fans of Holly Black and Cassandra Clare will devour this dark fantasy featuring a kickass heroine enemies to lovers treacherous Fae and shmexy bad boys This is an upper YA NA crossover best suited for ages 17 The steaminess increases throughout the series **Attacking the Violent Crime of Arson; A Report on America's Fire Investigation Units** ,2004 Of arson trends investigation unit best practices current state of the art and needs *Arson and Kindred Crimes in Illinois* Illinois. Attacking the Violent Crime of Arson U. S. Department Security,U. S. Administration,2013-10 This report compiles the best practices and common problems of fire protection and criminal justice agencies in identifying investigating prosecuting and preventing arson Commonly the crime of arson is motivated by spite and revenge Perpetrators strike with fire at buildings where people live work or socialize causing injury property loss and death Civilians and firefighters alike die in arson fires every year Thirty years ago arson captured media attention because so called arson for profit rings were burning down decaying urban neighborhoods that had ceased to be profitable and then rebuilding them at a substantial profit Other high profile cases involved arsonists who were connected to gangs and drug lords and who set fires to intimidate their rivals or as retribution for deals gone bad Some of the most publicized cases occurred in the cities of New York Boston Houston Los Angeles Miami Baltimore and others There even were situations where neighborhood vigilantes who were frustrated with crime and run down buildings took it upon themselves to torch structures to rid the neighborhood of vagrants prostitutes and drug dealers Insurance companies were perceived as the main victims from intentional fires As a crime committed against property the economics of arson played center stage to the less well defined statistics on injuries and deaths Since arson fires do on average cause proportionately higher losses than fires from other causes insurance companies committed many resources toward investigation and control From establishing tip reward programs training accelerant detection canines ADC s supporting arson reporting immunity legislation and establishing the property insurance loss register PILR the insurance

industry was a strong partner at that time There is a dichotomy between arson as a property crime and arson as a crime against people and that lies at the heart of today s challenges with cases of arson As a crime arson s long standing definition as the willful and malicious burning of property does not do justice to the fact that today arson is usually a personal crime that is directed intentionally against specific victims It is time for arson to be dealt with as a violent crime against persons not just a crime against property Today spite and revenge dominate as the motives in intentional property fires especially where there are casualties Revenge minded arsonists torch nightclubs occupied residences hotels and other settings where their intended victims and often other innocent people are injured and killed First responders get injured or die battling these blazes and trying to save others Even though a portion of incendiary fires are motivated by other reasons e g excitement economic relief peer pressure a cry for help and so forth most set fires happen because someone wanted to inflict harm on another person using fire as the weapon of choice Fire investigation units from The U S Fire Administration s USFA s project indicated that spite and revenge were the most common motives behind incendiary fires Among project sites from the past 5 years spite and revenge ranked as the highest leading motives when investigation units were queried about prevailing motives A Treatise on Crimes and Misdemeanors William Oldnall Russell,Charles Sprengel Greaves,1877
