The Structure of Criminal Procedure Barton L. Ingraham, 1987-05-21 A model is developed for analyzing criminal procedure across nations and cultures and applied to the U S France the U S S R and China The model envisions common functions of arrest and detention screening charging and defending trial sanctioning and appeal The comparison reveals significant differences between inquisitorial and adversarial systems including the extent of court authority to control other criminal justice agencies the defendant's role in the proceedings and the court's role in the proceedings Differences between noncommunist and communist inquisitorial systems involve personnel who perform each function degrees of public participation and the educative rehabilitative function of the criminal justice process Criminal Justice Abstracts The Structure of Criminal Procedure presents for the first time ever a detailed comparison of the criminal procedures of four major nations France the United States China and the Soviet Union In addition the author also develops his theory on the Morphology of Criminal Procedure which hypothesizes that there is a common structure in every modern procedural system no matter how different

it may appear on the surface He stresses six basic functions inherent in all systems arrest and trial detention screening charging and defending trial sanctioning and appeal and he successively analyzes each of them in depth Practical ways to apply his model are provided along with encouragement for others to engage in new comparative studies or studies of individual systems in order to clarify the ways in which the practical demands of society the legal profession and legal institutions interact with the functional needs of the system to produce new ways of procedure or new ways of using old procedures

Criminal Procedure Jefferson Ingram, 2005 *Criminal Procedure Theory and Practice* offers an extensive presentation of the state of the law The cases presented provide the proper historical context in order to understand the philosophy behind the law The facts of every case have been rewritten presenting each student with a concise understanding of the specifics relating to each criminal procedure point covered Following each case the book presents additional materials that may challenge the student to apply the newly learned principles to a novel fact pattern and presents many excerpted cases suitable for class interaction and discussion The text offers an opportunity for the student to develop an enhanced understanding of criminal procedure through a practical and logical presentation When appropriate the text interrelates proper lessons of history that influenced the development of criminal procedure Coverage of developing legal theories like the Miranda principles provide an understanding of how these case laws developed and how these principles may evolve Students and instructors can remain on the cutting edge of criminal procedure by going to www.criminalprocedurebyingram.com This site updated monthly will provide information on newly decided cases on criminal procedure as well as updated case presentations This website will serve as a current up to the moment supplement through the life of this edition
