Collection Of Hope:

Hope and Danger in the New South City Georgina Hickey, 2005-07-01 For Atlanta the early decades of the twentieth century brought chaotic economic and demographic growth Women black and white emerged as a visible new component of the city's population As maids and cooks secretaries and factory workers these women served the better classes in their homes and businesses They were enthusiastic patrons of the city's new commercial amusements and the mothers of Atlanta's burgeoning working classes In response to women's growing public presence as Georgina Hickey reveals Atlanta's boosters politicians and reformers created a set of images that attempted to define the lives and contributions of working women Through these images city residents expressed ambivalence toward Atlanta's growth which although welcome also threatened the established racial and gender hierarchies of the city Using period newspapers municipal documents government investigations organizational records oral histories and photographic evidence Hope and Danger in the New South City relates the experience of working class women across lines of race as sources of labor community members activists pleasure seekers and consumers of social services to the process of urban development

Catalogue of a collection of privately printed books Bertram Dobell, 1891 *Dictionary of Gems and Gemology* Mohsen Manutchehr-Danai, 2013-03-09 Since World War II the amount of information generated in the science of Gemology has increased tremendously Therefore this book *Dictionary of Gems and Gemology* was written with the aim of providing a relatively complete dictionary to assist all students hobbyists scientists and interested parties in the fields of Gems and Gemology The forerunner to this book was called *Dictionary of Gems and Gemology English Persian Persian English* published in Tehran Iran in 1997 It was written with the aid of more than thirty reference books relating to gemology In response to the effort required to clarify the terms within I decided to compile a book that brings all the relevant terms into one book This new book eliminates the use of different reference books and compiles nearly all the relevant terms into a one stop useful text It took twenty five years to collect the terms and the information so as to present a complete and functional lexicon The text is supported by nearly 170 illustrations and 21 tables to provide detailed and succinct information I hope and trust that this book will reach the high standard of other gemological dictionaries If you have criticisms or suggestions please feel free to contact me Professor Dr Mohsen Manutchehr Danai Los Angeles Tehran Regensburg Acknowledgments The author acknowledges all those who were of valuable assistance during the writing and publishing of this book
