Theory and Practice in Social Group Work Kenneth L. Chau, Marie Weil, Danna Southerland, 2019-06-04 Here is an important look at creative ways to successfully blend theoretical knowledge with skillful intervention in social group work Theory and Practice in Social Group Work represents leading works in conceptual development that creatively connect practice with theory and also reflect the current diversity of interventions in group work practice The book calls for more carefully articulated connections between knowledge and action and maps a strategy for strengthening social work curriculum and expanding group work practice Some of the areas discussed include group work in medical and health settings group work with people undergoing life cycle transitions and group work interventions with vulnerable populations A wide range of possibilities for applying theories in group work situations are presented in this thought provoking volume Some specific examples discussed include group work interventions with persons affected by the AIDS crisis and persons at high risk of contracting HIV a group model for the management of chronic pain group intervention services for the homeless mentally ill delivered through a mobile outreach team a bingo group in an SRO hotel group work with adults molested as children and a model of practice for work with minority populations and communities

Psychosocial Group Work with Vulnerable Children Maria Leticia Castrechini Fernandes Franieck, Niko Bittner, 2024-09-04 Psychosocial Group Work with Vulnerable Children presents a simple accessible and preventative approach to psychotherapeutic interventions The authors explore how this form of group work can strengthen resilience and prevent an increase in antisocial behavioural tendencies among children Based on a process of shared meaning communication the book explains how professionals can help children to engage in in group creative play and allow them to experience their self in relation to others Castrechini Franieck and Bittner draw on their experiences of working with children in groups supplemented with therapeutic elements from Gestalt therapy and ontological psychoanalysis This approach helps children to achieve a stable state of emotional well being while improving their behaviour at school along with their social skills Psychosocial Group Work with Vulnerable Children will be a key reading for psychotherapists and other professionals working with vulnerable children including psychologists psychiatrists and social workers *Women, Collective Creation, and Devised Performance* Kathryn Mederos

Syssoyeva, Scott Proudfit, 2016-08-29 This book explores the role and centrality of women in the development of collaborative theatre practice alongside the significance of collective creation and devising in the development of the modern theatre Tracing a web of women theatremakers in Europe and North America this book explores the connections between early twentieth century collective theatre practices such as workers theatre and the dramatic play movement and the subsequent

spread of theatrical devising Chapters investigate the work of the Settlement Houses total theatre in 1920s France the mid century avant garde and New Left collectives the nomadic performances of Europe s transnational theatre troupes street theatre protests and contemporary devising In so doing the book further elucidates a history of modern theatre begun in A History of Collective Creation 2013 and Collective Creation in Contemporary Performance 2013 in which the seemingly marginal and disparate practices of collective creation and devising are revealed as central and women theatremakers revealed as progenitors of these practices

A Mutual-Aid Model for Social Work with Groups Dominique Moyses Steinberg, 2014-02-24 Group work is a popular and widely used social work method Focusing particularly on the central role of mutual aid in effective group work this text presents the theoretical base outlines core principles and introduces the skills for translating those theories and principles into practice A Mutual Aid Model for Social Work with Groups will help readers to catalyze the strengths of group members such that they become better problem solvers in all areas of life from the playroom to the boardroom Increased coverage of evaluation and evidence based practice speaks to the field s growing concern with monitoring process and assessing progress The book also includes worker based obstacles to mutual aid their impact and their antidotes pre group planning including new discussion on curriculum groups group building by prioritizing certain goals and norms in the new group the significance of time and place on mutual aid and the role of the group worker maintaining mutual aid during so called individual problem solving an expanded discussion of anti oppression and anti oppressive practice unlocking a group s potential to make difference and conflict useful special considerations in working with time limited open ended and very large groups Case examples are used throughout to help bridge the gap between theory and practice and exercises for class or field help learners to immediately apply conceptual material to their practice All resources required to carry out the exercises are contained in over 20 appendices at the end of the book Key points at the end of each chapter recap the major concepts presented and a roster of recommended reading for each chapter points the reader to further resources on each topic Designed to support ethical and successful practice this textbook is an essential addition to the library of any social work student or human service practitioner working with groups

Group Work Practice to Advance Social Competence Norma C. Lang, 2010 This textbook introduces social work practice with socially unskilled populations or persons who lack social competence and whose group life is likely to be chaotic or nonexistent unless professionally assisted providing guidelines for working with these socially disabled persons in group settings The author outlines the unique pre group processes of socially unskilled populations and provides a methodology for advancing social competence She also identifies the professional and agency requirements for working with pre social processes
