Spirit Daughter Jill Wintersteen,2026-03-24 From the founder of the online community Spirit Daughter a chronicle of her journey from academic researcher to spiritual teacher offering readers a road map through the territory of transformation that begins when life falls apart Jill Wintersteen's life and all its highs lows miracles and mayhems awakened an inner truth She has the power to create any life she desires Here in her first ever book Wintersteen shows readers how they can harness this power too as she shares her personal story of leaving a promising career in neuroscience to follow her intuition and create a thriving online community with millions of spiritual seekers around the globe Filled with practical tools and insights to navigate life's challenges and emphasizing the importance of intuition and self awareness Spirit Daughter is an invitation to rediscover your power Through her own experiences of overcoming anxiety depression and self doubt Wintersteen reveals how to create calmness within no matter what is happening externally and unlock your highest potential This book offers a refreshing and transformative path rooted in mindfulness cosmic energy and the art of manifestation for anyone ready to take true ownership of their life With Wintersteen's relatable wisdom and heartfelt narrative which has drawn comparisons to influential spiritual leaders like Gabby Bernstein and Chani Nicholas Spirit Daughter is destined to become a classic practical guide for anyone ready to remember who they are and transform their life **Survival Guide in the AI Era** Kewei Li,2026-03-01 AI Survival Guide is a work that deeply analyzes how artificial intelligence reshapes the workplace It points out that generative AI is rapidly replacing large numbers of low threshold and highly repetitive jobs from customer service and translation to coding video editing administrative tasks and accounting These roles share traits of

standardization and repetition which once relied on experience or patience but now appear fragile against algorithms AI not only provides faster and more accurate answers but also simulates empathy generates content and automates complex processes The author reminds readers that survival lies not in clinging to old skills but in becoming commanders of machines mastering cross domain integration decision making and creativity and showing human insight where AI cannot reach This book is both a warning and a guide helping readers find new footholds in times of upheaval *Nothing Tastes as Good* Luke Dumas,2026-03-31 The nationally bestselling author of *The Paleontologist* and *A History of Fear* returns with a spine tingling new thriller about a weight loss treatment with terrifying side effects Retail worker Emmett Truesdale has never fit the Southern California mold of six pack suntanned masculinity Over three hundred pounds he carries the weight of his childhood trauma and millennial ennui around his waist and in his soul After trying every diet under the sun he remains stuck in his dead end job in love and in his body Desperate for help he enrolls in a clinical trial for a new weight loss product called Obexity The treatment is as horrifying as the results are miraculous and as Emmett sheds pounds at superhuman speed every part of his life improves overnight Unfortunately Obexity comes with some killer side effects including lost stretches of time and overwhelming cravings Worse people who were cruel to him have started disappearing and when the police warn of a cannibalistic killer on the loose he fears that Obexity is turning him into a monster But how can he give it up now that people are finally starting to treat him like he s human Nerve racking sinister and at times surreal *Nothing Tastes as Good* is an unputdownable thriller that combines the body horror and social commentary of *The Substance* with the best of Stephen King and keeps you guessing until the final page *Daily Commercial Bulletin* ,1882 **McClure's Magazine** ,1920
