Esotericism and Deviance, 2024-02-06 The concept of deviance has been central to the academic study of Western esotericism since its inception This book being the proceedings of the 6th Biennial Conference of the European Society for the Study of Western Esotericism ESSWE explores the relationship between esotericism and various forms of deviance as concept category and practice from antiquity until late modernity The volume is the first to combine incisive conceptual explorations of the concept of deviance and how it informs and challenges the study of esotericism alongside a wide range of empirically grounded case discussions Subject Index of Modern Books Acquired British Library, 1918 *The Elder Brother* Gregory Tillett, 2016-01-29 A leading figure in the Theosophical Society Leadbeater was a prolific author writing on subjects ranging from Buddhism Masonic history and the origins of Christianity through to the power of thought and the fourth dimension Leadbeater was also the force behind Annie Besant the discoverer and educator of Krishnamurti and became Presiding Bishop of the Liberal Catholic Church For all his influence Charles Leadbeater remains largely unknown as a man This biography first published in 1982 dispels many of the mysteries surrounding his life and Leadbeater emerges as neither evil degenerate or infallible saint but as a complex and eccentric adventurer into the realm of the occult This title will be of particular interest to students of history and theology Madame Blavatsky Marion Meade, 2014-04-01 The life and times of Helena Blavatsky the controversial religious guru who cofounded the Theosophical Society and kick started the New Age movement Recklessly brilliant Helena Petrovna Blavatsky scandalized her 19th century world with a controversial new religion that tried to synthesize Eastern and Western philosophies If her contemporaries saw her as a freak a charlatan and a snake oil salesman she viewed herself as a special person born for great things She firmly believed that it was her destiny to enlighten the world Rebelliously breaking conventions she was the antithesis of a pious religious leader She cursed smoked overate and needed to airbrush out certain inconvenient facts like husbands lovers and a child Marion Meade digs deep into Madame Blavatsky's life from her birth in Russia among the aristocracy to a penniless exile in Europe across the Atlantic to New York where she became the first Russian woman naturalized as an American citizen and finally moving on to India where she established the international headquarters of the Theosophical Society in 1882 As she chased from continent to continent she left in her aftermath a trail of enthralled followers and the ideas of Theosophy that endure to this day While dismissed as a female messiah her efforts laid the groundwork for the New Age movement which sought to reconcile Eastern traditions with Western occultism Her teachings entered the mainstream by creating new respect for the cultures and religions of the East for Buddhism and Hinduism and interest in meditation yoga gurus and reincarnation Madame Blavatsky was one of a kind Here is her richly bizarre story told with compassion insight and an attempt to plumb the truth behind those astonishing accomplishments *The Encyclopedia Americana*, 1927 **France**, 1919 The Americana, 1923
