College Planning For Dummies:

College Planning for Dummies Pat Ordovensky, 1983 *The Early Admissions Game* Christopher. Avery, Andrew. Fairbanks, Richard J. Zeckhauser, 2004-12-30

Each year hundreds of thousands of high school seniors compete in a game they all play only once whose rules they do not fully understand yet whose consequences are enormous. The game is college admissions and applying early to an elite school is one way to win. But the early admissions process is enigmatic and flawed. It can easily lead students toward hasty or misinformed decisions. This book based on the careful examination of more than 500,000 college applications to fourteen elite colleges and hundreds of interviews with students, counselors, and admissions officers provides an extraordinarily thorough analysis of early admissions. In clear language it details the advantages and pitfalls of applying early as it provides a map for students and parents to navigate the process. Unlike college admissions guides, *The Early Admissions Game* reveals the realities of early applications, how they work, and what effects they have. The authors frankly assess early applications. Applying early is not for everyone, but it will improve, sometimes double, even triple the chances of being admitted to a prestigious college. An early decision program can greatly enhance a college's reputation by skewing statistics such as selectivity, average SAT scores, or percentage of admitted applicants who matriculate. But these gains come at the expense of distorting applicants' decisions and providing disparate treatment of students who apply early and regular admissions. The system, in short, is unfair, and the authors make recommendations for improvement. *The Early Admissions Game* is sure to be the definitive work on the subject. It is a must reading for admissions officers, guidance counselors, and high school seniors and their parents.

Table of Contents: Introduction, Joining the Game, 1. The History of Early Admissions, 2. The State of the Game, 3. Martian Blackjack: What Do Applicants Understand about Early Admissions, 4. The Innocents Abroad: The Admissions Voyage, 5. The Truth about Early Applications, 6. The Game Revealed: Strategies of Colleges, Counselors, and Applicants, 7. Advice to Applicants, Conclusion: The Essence of the Game and Some Possible Reforms, Appendix A: Median SAT 1 Scores and Early Application Programs at Various Colleges, Appendix B: Data Sources, Appendix C: Interview Formats, Acknowledgments, Tables and Figures, Index.

Reviews of this book: Applying to an elite college through an early admissions program can improve students' chances of getting in by as much as 50 percent over their odds during the regular admissions cycle, a difference that is the equivalent of scoring 100 points higher on the SAT. Based on an analysis of admission data at top colleges as well as interviews with over 400 college freshmen, *The Early Admissions Game* challenges the official line of college admissions deans who have long held that applying early does not give prospective students an advantage over regular applicants. But the research confirms what many high school counselors already suspected, and it is likely to fuel debate over whether early admissions programs favor wealthy and well-connected students and should be eliminated or reformed. Jeffrey R. Young, *Chronicle of Higher Education*.

Reviews of this book: This important contribution to the college admissions process should reduce the general anxiety that pervades today's transition to college, and in particular

help level the playing field for students who lack access to adequate college counseling The book may also prompt needed reform of contemporary admissions practices The authors goal deserves acclaim for helping inner city and rural students and those in other understaffed districts to pursue admission on a much more even footing There is a wealth of information in this well organized clearly written book which will enable students to make better college choices William R Fitzsimmons Harvard Magazine Reviews of this book Readers seeking solid information about elite colleges will find The Early Admissions Game refreshingly frank Other readers concerned about restoring some equity to the process will also appreciate the book s generosity of spirit and suggestions for reform The authors present a devastating portrait of elite college admissions and early admissions in particular as an elaborate and complicated game where the winners tend to be privileged students who have access to highly skilled counselors with information pipelines to elite college admissions offices Peter Sacks The Nation Reviews of this book Avery and his colleagues describe college admissions as a casino on Mars you have to guess the rules of the game you are playing and the rules can change while you are playing it Their chief finding is that applying early significantly increases the chances of acceptance Colleges argue that the early admissions pool is stronger than the regular pool but the authors dispute that claim The Early Admissions Game is intended as an expos for high school students and their parents of the realities of college admissions but it is also a protest against the practice of early admissions The authors believe that these programs benefit privileged students and cheat disadvantaged students Louis Menand The New Yorker Researching and applying to colleges is a demanding confusing and stressful time for both students and parents This book provides context and guidance to admissions professionals to college counselors and to families as they confront today s highly competitive and often controversial college admissions scene It offers an insightful and authoritative explanation of the strategic choices that await those seeking to enroll at the nation s leading colleges and universities It can help a student decide whether when and why to apply early Most important it can give applicants the confidence to focus less on the game and more on the truly critical factors in choosing a college the level of intellectual challenge and vitality in the curriculum the strength and accessibility of the faculty and the student s individual sense of fit with a particular campus environment and culture Nancy Vickers President Bryn Mawr College The Early Admissions Game explains clearly and comprehensively the many forces that have made early applications a prominent and much misunderstood feature in the high pressure arena of college admissions The authors clear away the hype and speculation then offer refreshingly sane sensible guidance that will greatly help students make intelligent decisions about their college applications William D Wharton Headmaster Commonwealth School Boston Avery Fairbanks and Zeckhauser offer clear and compelling evidence that the college admissions process needs repair Their findings have already inspired steps toward reform Richard Levin President Yale University This is an exceptionally interesting and intelligent book one with real news to report The authors present their important findings with great clarity I expect that this volume will have a significant and favorable impact on policy

discussion of early admission programs at elite colleges Michael McPherson President Macalester College Anyone involved in the college admissions process students and parents counselors and admissions officers top officials at high schools and at colleges should read this important book It will help them achieve their objectives The authors also present a number of suggestions for reforms in the admissions system that are worthy of debate across American higher education Lawrence H Summers President Harvard University Starting Over Stephen M. Pollan, Mark Levine, 2009-09-26 This invaluable guide offers a definitive game plan for anyone seeking to redefine his or her work status for finding a new career or even starting a personal business *Right on the Money!* Chris Farrell, 2009-02-04 With countless new ways to manage money and spend it Chris Farrell provides what is most needed reliable information on personal finance In the tradition of the great how to series on public television Right on the Money offers a practical hands on approach to making savvy financial decisions In each chapter finance expert Chris Farrell visits an individual or family facing a financial crossroads in their lives and aided by a team of street smart experts helps them take control of their finances From setting up a budget to saving for retirement Right on the Money not only gives readers the knowledge and tools they need but also shows how to make informed decisions among the options at hand Subjects discussed include balancing love and money investments the stock market credit cards and how to get out of debt buying a car buying a home creating a household budget and paying for college Informative and fun with a roll up your sleeves and solve the problem attitude Right on the Money is destined to become a new classic of personal finance **More Rip-Roaring Reads for Reluctant Teen Readers** Bette D. Ammon, Gale W. Sherman, 1998-12-15 Show reluctant teens that reading is not only fundamental it s also fun In this companion book to Rip Roaring Reads for Reluctant Teen Readers Ammon and Sherman describe 40 exciting contemporary titles 20 for middle school 20 for high school written by outstanding authors These are books your students won t want to put down Designed to make the matching process between student and books easy and successful this volume also includes genre and theme indexes curriculum activities interest and readability levels and reproducible bookmarks for each entry *Managing Your Money Online For Dummies* Kathleen Sindell, 2004-12-31 Do you lay awake at night wondering how you ll ever pay for the kids college or be able to retire Do you toss and turn trying to figure out how to make ends meet Managing Your Money Online For Dummies is your guide to making the most of online resources to make the most of your money It s a get rich slow scheme Most of today s millionaires don t earn millions a year didn t inherit a bundle and didn t win the lottery They simply spent less than they made and managed and invested the difference You can join their ranks and sleep at night when you discover how to use Internet tools and resources to Give yourself an online financial makeover Determine your net worth and devise your financial strategies Set up a budget and track your income and expenses Take advantage of online banking and bill paying Find the best CD rates online broker and credit card for you Written by Kathleen Sindell Author of Investing For Dummies Managing Your Money Online For Dummies links you to priceless advice to help you Calculate how much you need
