Reality Check features fascinating real-life examples and interviews with industry leaders which dispel common misconceptions.

explore the future of technology and uncover how VR and XR can be integrated into your business improving efficiency impact and productivity

*Survival Guide in the AI Era* Kewei Li,2026-03-01 AI Survival Guide is a work that deeply analyzes how artificial intelligence reshapes the workplace It points out that generative AI is rapidly replacing large numbers of low threshold and highly repetitive jobs from customer service and translation to coding video editing administrative tasks and accounting These roles share traits of standardization and repetition which once relied on experience or patience but now appear fragile against algorithms AI not only provides faster and more accurate answers but also simulates empathy generates content and automates complex processes The author reminds readers that survival lies not in clinging to old skills but in becoming commanders of machines mastering cross domain integration decision making and creativity and showing human insight where AI cannot reach This book is both a warning and a guide helping readers find new footholds in times of upheaval
