Perone, 1998-11-24 The influential rock musician Elvis Costello is recognized for the impressive breadth and scope of his music His collaborations with such musicians as Tony Bennett and the Count Basie orchestra however attest to the many contradictions that define Elvis Costello the punk rocker This important guide to his music and career contains over 800 bibliographic citations and a complete discography of Costello s commercially released recordings The discography divided into two sections separately details Costello s career as performer and composer A brief biography traces his critically acclaimed career and highlights both the influences on his music and the myriad ways in which his music has influenced others The vast information compiled in this guide to further research is as interesting and diverse as Costello s career Rock music scholars musicologists and Costello enthusiasts will appreciate the videography filmography bibliography of musical scores and list of electronic resources that supplement the extensive discography and annotated bibliography A works index and a general index make it easy to cross reference and locate specific information *The Importance of Place in Contemporary Italian Crime Fiction* Barbara Pezzotti, 2012-09-14 By taking as its point of departure the privileged relationship between the crime novel and its setting this book is the most wide ranging examination of the way in which Italian detective fiction in the last twenty years has become a means to articulate the changes in the social landscape of the country Nowadays there is a general acknowledgment of the importance of place in Italian crime novels However apart from a limited scholarship on single cities the genre has never been systematically studied in a way that so comprehensively spans Italian national boundaries The originality of this volume also lies in the fact that the author have not limited her investigation to a series of cities but rather she has considered the different forms of social landscape in which Italian crime novels are set Through the analysis of the way in which cities the urban sprawl and islands are represented in the serial novels of eleven of the most important contemporary crime writers in Italy of the 1990s Pezzotti articulates the different ways in which individual authors appropriate the structures and tropes of the genre to reflect the social transformations and dysfunctions of contemporary Italy In so doing this volume also makes a case for the genre as an instrument of social critique and analysis of a still elusive Italian national identity thus bringing further evidence in support of the thesis that in Italy detective fiction has come to play the role of the new social novel **Open-Hearted Horizon** Valerie Martínez, Shelle VanEtten de Sánchez, 2024-02-15 Open Hearted Horizon An Albuquerque Poetry Anthology invites you into a poetic conversation The anthology includes a wide range of Albuquerque based poets and poems that are inspired directly associatively obliquely by Albuquerque New Mexico as a place and as a community Anthologies commonly celebrate a multitude of voices Because this one is place based it aims to draw you into a circle that deepens your sense of place and people of contexts and cultures whether you know Albuquerque or not Because the Albuquerque poetry community is characterized by its support for individual writers and by a strong impulse toward creative collaboration Open Hearted

Horizon features poems in multiple voices In addition to poems by individual poets this collection also features collaborative works including those by the EKCO collective and one that features a line from every poem in the anthology Overall the collection invites you to experience Albuquerque in all its richness diversity and depth All Music Guide to Rock Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts

Transnational Crime Fiction Maarit Piipponen,Helen Mäntymäki,Marinella Rodi-Risberg,2020-10-27 Focusing on contemporary crime narratives from different parts of the world this collection of essays explores the mobility of crimes criminals and investigators across social cultural and national borders The essays argue that such border crossings reflect on recent sociocultural transformations and geopolitical anxieties to create an image of networked and interconnected societies where crime is not easily contained The book further analyses crime texts wider sociocultural and affective significance by examining the global mobility of the genre itself across cultures languages and media Underlining the global reach and mobility of the crime genre the collection analyses types and representations of mobility in literary and visual crime narratives inviting comparisons between texts crimes and mobilities in a geographically diverse context The collection ultimately understands mobility as an object of study and a critical lens through which transformations in our globalised world can be examined
