**Conflict and Communication** Fred E. Jandt, 2016-03-22 Conflict and Communication introduces students to important theories, key concepts, and essential research in the study of conflict along with practical skills for managing conflict in their daily lives. Author Fred E. Jandt illustrates how effective communication can be used to manage conflict in relationships and within organizational and group contexts. Along with foundational coverage of conflict styles, mediation, and negotiation skills, the text also features new and emerging models of conflict management, including chapters examining the challenges of conflict between cultures, a chapter on family and organizations, information on both face-to-face and online bullying, a detailed step-by-step guide for mediation, and more emphasis on online dispute resolution. [Alternative Dispute Resolution](#)

Laurie S. Coltri, 2010 Now in paperback, this book addresses the rapidly evolving field of Alternative Dispute Resolution in a manner ahead of its time. Taking a cross-disciplinary approach, it explains the cognitive, social, organizational, and developmental psychology theories that influence ADR and its approaches. From mediation to arbitration to hybrid processes, it helps students understand the strengths and weaknesses of the many varieties of ADR and why various approaches succeed or fail. This edition includes streamlined coverage of conflict diagnosis, increased treatment of non-adversarial, facilitative forms of dispute resolution, and the latest legal and ethical trends impacting the field. For human resources, personnel, dispute resolution system designers, trainers, and ombudsmen, as well as ADR neutrals and neutrals in training.

**International Commercial Arbitration and the Arbitrator's Contract** Emilia Onyema, 2010-04-05 This book examines the formation, nature, and effect of the arbitrator's contract, addressing topics such as the appointment, challenge, removal, and duties and rights of arbitrators, disputing parties, and arbitration institutions. The arguments made in the book are based on a semi-autonomous theory of the juridical nature of international arbitration and a contractual theory of the legal nature of these relationships. From these premises, the book analyses the formation of the arbitrator's contract in both ad hoc and institutional references. It also examines the institution's contract with the disputing parties and its effect on the arbitrator's contract under institutional references. The book draws from national arbitration laws and institutional rules in various jurisdictions to give a global view of the issues examined in it. The arbitrator's contract is analysed from a global perspective of arbitral law and practice, with insights from various jurisdictions in Africa, Asia, Europe, North, and South America. The primary focus of the book is an analysis of the formation of the arbitrator's contract and the terms of this contract and the institution's contract. The primary question is the consequences if any of the breaches of the terms of these contracts and its impact on the exclusion or limitation of liability of arbitrators and institutions is also analysed, with the conclusion that since these transactions are contractual and the terms can be categorised as in any normal contract, then normal contractual remedies can be applied to the breaches of these terms. International Commercial Arbitration and the Arbitrator's Contract will be of great value to arbitration practitioners and researchers in arbitration. It will also be very

useful to students of arbitration on the topics of arbitrators and arbitration institution      **The Cumulative Book Index**  
,1998 A world list of books in the English language      *Dispute Settlement in International Space Law* Gérardine  
Goh,2007-06-30 The existence of international law with its rights rules and regulations is futile without an effective  
enforcement mechanism that provides a sufficient and adequate remedy International space law is particularly significant in  
the evolution of international dispute settlement because it involves a consideration of issues from an international and  
interdisciplinary perspective These issues range from policies of regional and international organizations to juridical dispute  
settlement and global governance to fiscal entrepreneurship and business efficacy and to scientific breakthroughs and  
technological advances In this context this book looks at an international and interdisciplinary approach in dealing with  
dispute resolution in space activities It proposes a workable legal framework for dispute resolution in outer space together  
with a mechanism for enforcement and verification      **Dispute Settlement in International Space Law** Gérardine

means of the analysis of more than 20 national jurisdictions of different legal and geographical origin this book provides a  
general understanding of the developments that civil and commercial mediation is currently undertaking across the world  
The book combines 25 national reports with a General Report analyzing the major trends in civil and commercial mediation  
worldwide A number of the key variables that make mediation so effective are studied in depth in the book The concept of  
mediation that varies from country to country Its legal framework and the branches of public and private law in which it is  
used The legal condition of the mediation agreement and its relevant conditions of form and content the responsibilities of  
the parties in the event that they violate this agreement and the effects of this agreement on potential recourse to the courts  
or to arbitration as well as with regard to pending cases As well as the role played by the mediator his or her appointment or  
designation legal and ethical responsibilities and the role of institutions in mediation As well as the mediation process its  
applicable rules and principles and its costs are analyzed on comparative basis The book also pays special attention to the  
outcome of mediation The enforceability of the settlement reached both in domestic and cross border mediations constitutes  
a basic element for the success of the institution and is thoroughly studied This volume constitutes a unique instrument for  
those interested on mediation either practitioners judges or academics      **Lawyers in Business** K. Mackie,1989-06-18 A
