Always Merry Bright:

Ernest Ibbetson, Military Artist and Adventure Story Illustrator Frank A. Barrett, 2008 **Henry Miller** David Stephen Calonne, 2014-08-15 As an author Henry Miller 1891 1980 was infamous for his explicit descriptions of sex and many of his novels from *The Tropic of Cancer* to *Black Spring* were banned in the United States on grounds of obscenity But his books frequently smuggled into his native country became a major influence on the Beat Generation of American writers and would eventually lead to a groundbreaking series of obscenity trials that would change American laws on pornography in literary works In this new critical biography David Stephen Calonne goes beyond Miller's notoriety to take an innovative look at the way in which the author's writings and lifestyle were influenced by his spiritual quests Charting Miller's cultivation of his esoteric ideas from boyhood and adolescence to later in his career Calonne examines how Miller remained deeply engaged with a variety of philosophies from astrology and Gnosticism to Eastern thinkers Calonne describes not only the effects this had on Miller's work but also to his complex and volatile life his marriages and love affairs with Beatrice Wickens June Mansfield and Ana's Nin his years in Paris and the journey to Greece that resulted in the travelogue *The Colossus of Maroussi* the book Miller considered to be his greatest work After discussing Miller's final residences in Big Sur and the Pacific Palisades in California Calonne considers the author's involvement in the arts love of painting and music and friendships with a number of classical musicians Miller Calonne reveals was a quirky charismatic man of genius who continues to influence popular culture today Highlighting many areas of the author's life that have previously been neglected Henry Miller takes a fascinating revisionary approach to the work of one of American's most controversial and iconic writers

Henry Miller: The Inhuman Artist Indrek Männiste, 2013-06-20 Against skeptics Männiste argues that Miller does indeed have a philosophy of his own which underpins most of his texts It is demonstrated that this philosophy as a metaphysical sense of life forms a system the understanding of which is necessary to adequately explain even some of the most basic of Miller's ideas Building upon his notion of the inhuman artist Miller's philosophical foundation is revealed through his literary attacks against the metaphysical design of the modern age It is argued that by repudiating some of the most potent elements of late modernity such as history modern technology and an aestheticized view of art Miller paves the way for overcoming Western metaphysics Finally it is showed that philosophically this aim is governed by Miller's idiosyncratic concept of art in which one is led towards self liberation through transcending the modern society and its dehumanizing pursuits **The Greatest Book in the World, and Other Papers** Alfred Edward Newton, 1925 **The Lightning Conductor Discovers America** Charles Norris Williamson, Alice Muriel Williamson, 1916 *The Under Dogs* Hulbert Footner, 1925 In *The Under Dogs* Mr Footner is in his finest form In it he tells of the amazing detective skill of Rosika Storey alias Jessie Seipp in the opinion of the New York police the cleverest woman in the world Beautiful intelligent Madame Rosika Storey a respected investigator becomes interested in the case of a young girl accused of jewel robbery Although Melanie is desperate she

rejects Mme Storey's help because the gang that is after her is ruthless and she thinks unstoppable. When Melanie is kidnapped, Mme Storey goes undercover herself and walks into the clutches of the gang where she works to find its mysterious leader and to free the imprisoned Melanie.
