*FireBorn's Legacy* M.C.A. Hogarth, 2024-08-16 Qora Paunene Zela has never been able to glimpse the future like other Eyes of the Faulfenzair God but he's always known where he's supposed to be so powerfully that he never questioned it even when it took him off world on the Faulfenza's prototype warship and from there into captivity and war among aliens That those aliens should rescue him seemed fair since they were the ones responsible for the mess they'd made of the galaxy To a Faulfenzair's way of thinking anyway But the God has called Qora abroad again and this time even a male who knows he's in the right place at the right time isn't sanguine about the journey It's one thing to wait on history to unfold another entirely to follow in the footsteps of one of his people's lost prophets on the trail of the fourth and final messiah A lifetime of trusting the God may not be enough preparation for the revelations awaiting Qora at journey's end Fireborn's Legacy ties together the history of the Faulfenza as told in Zafil and the intertwined Eldritch and Chatcaavan stories from the books of the Fallowtide Sequence It also sets the stage for the final conflict that will unite the sapient species of the Peltedverse and all its multiple histories Let the saga commence
