Asylum In The Community:

From Asylum to Community Gerald N. Grob, 2016 **Asylum in the Community** John Carrier, Dylan Tomlinson, 2003-09-02 Based on an empirical examination of psychiatric care both past and present Asylum in the Community clearly defines the concept of asylum and shows how it can be provided effectively outside the hospital Drawing on work in the USA Belgium Spain Ireland and England contributors analyse such services from both user and provider perspectives From these analyses the editors establish the key elements that should be considered in developing contemporary community services for the mentally ill Asylum in the Community provides a balanced assessment of a controversial topical issue for managers and providers of mental health services and those teaching or training in the mental health sciences European Asylum Law and International Law Hemme Battjes, 2006-05-01 Community asylum law is becoming ever more essential to asylum law in Europe But many intricate questions about this new body of law remain to be resolved Do the Community rules weaken or improve the position of asylum seekers Would a future Community asylum law have to observe international norms What role should the Court of Justice play in asylum matters And does the communitarisation of asylum law affect the possibilities of asylum seekers to approach domestic courts or the European Court of Human Rights These and other questions are addressed in this book It offers besides an in depth study of the relation between European and international asylum law a practical manual for European asylum law It discusses the content and meaning of all Community regulations and directives on asylum as well as their possible use and reliability in domestic proceedings *Asylum Support* Anneliese Baldaccini, 2005 Explaining the provisions of the new EU Asylum Reception Directive this is a guide for lawyers and advisers in the UK Insanity, Institutions and Society, 1800-1914 Bill Forsythe, Joseph Melling, 2013-01-11 This comprehensive collection provides a fascinating summary of the debates on the growth of institutional care during the nineteenth and twentieth centuries Revising and revisiting Foucault it looks at the significance of ethnicity race and gender as well as the impact of political and cultural factors throughout Britain and in a colonial context It questions historically what it means to be mad and how if at all to care *Madness, Architecture and the Built Environment* James Moran, Leslie Topp, Jonathan Andrews, 2020-09-19 This is the first volume of papers devoted to an examination of the relationship between mental health illness and the construction and experience of space This historical analysis with contributions from leading experts will enlighten and intrigue in equal measure The first rigorous scholarly analysis of its kind in book form it will be of particular interest to the history psychiatry and architecture communities Directory of Social Agencies of New York , 1921 **The Journal of Mental Science** , 1889 **Mental Illness and Learning Disability since 1850** Pamela Dale, Joseph Melling, 2006-04-18 Taking forward the debate on the role and power of institutions for treating and incarcerating the insane this volume challenges recent scholarship and focuses on a wide range of factors impacting on the care and confinement of the insane since 1850 including such things as the community Poor Law authorities local government and the voluntary

sector Questioning the notion that institutions were generally benign and responsive to the needs of households this work also emphasizes the important role of the diversity of interests in shaping institutional facilities A fresh stimulating step forward in the history of institutional care Mental Illness and Learning Disability since 1850 is undoubtedly an important resource for student and scholar alike
