Genetic Programming Theory and Practice Rick Riolo,Bill Worzel,2003-11-30 Genetic Programming Theory and Practice explores the emerging interaction between theory and practice in the cutting edge machine learning method of Genetic Programming GP The material contained in this contributed volume was developed from a workshop at the University of Michigan s Center for the Study of Complex Systems where an international group of genetic programming theorists and practitioners met to examine how GP theory informs practice and how GP practice impacts GP theory The contributions cover the full spectrum of this relationship and are written by leading GP theorists from major universities as well as active practitioners from leading industries and businesses Chapters include such topics as John Koza s development of human competitive electronic circuit designs David Goldberg s application of competent GA methodology to GP Jason Daida s discovery of a new set of factors underlying the dynamics of GP starting from applied research and Stephen Freeland s essay on the lessons of biology for GP and the potential impact of GP on evolutionary theory The book also includes chapters on the dynamics of GP the selection of operators and population sizing specific applications such as stock selection in emerging markets predicting oil field production modeling chemical production processes and developing new diagnostics from genomic data Genetic Programming Theory and Practice is an excellent reference for researchers working in evolutionary algorithms and for practitioners seeking innovative methods to solve difficult computing problems

Sustainable Marketing Planning Neil Richardson,2019-10-21 There are two major parallel challenges facing managers and leaders first how to adapt to global changes in markets competition and supply and second how to grow a business while observing recognisably sustainable practices Companies must now align their values with customers who

increasingly seek people friendly and planet friendly products and services Using sustainable marketing techniques to create value ultimately leads to improved customer satisfaction better professional relationships and increased effectiveness With marketing planning absent from the current textbook offering this book provides practical insights tools and frameworks to help readers produce tactically and strategically appropriate marketing plans Showing how to embed sustainability in these strategies and reflecting on the historical and current criticisms aimed at marketing students will be shown how to implement changes while being encouraged to reflect on why they are needed Full of tools and frameworks to improve comprehension including chapter by chapter learning outcomes summaries exercises applied activities and mini case studies it bridges the gap between theory and practice effectively and accessibly Finally PowerPoint lecture slides and Multiple Choice Questions sections are provided for each chapter as electronic resources Presenting contemporary themes and challenges at the cutting edge of business research and practice this book should be core reading for advanced undergraduate and postgraduate students of sustainable marketing marketing planning and marketing strategy as well as professionals seeking to improve the competitive advantage of their organisations

Changing Journalism Peter Lee-Wright, Angela Phillips, Tamara Witschge, 2011-07-14 Journalism is in transition Irrevocable decisions are being made often based on flimsy evidence which could change not only the future of journalism but also the future of democracy This book based on extensive research provides the opportunity to reflect upon these decisions and considers how journalism could change for the better and for the good of democracy It covers the business landscape work and employment the regulatory framework audiences and interaction the impact of technology on practices and content ethics in a converged world The book analyses research in both national and local journalism broadcast newspaper and online journalism broadsheet and tabloid drawing comparisons between the different outlets in the field of news journalism making this essential reading for scholars and students of journalism and media studies
