

• Ama tu ritmo..., Rubén Darío • Poemario •

Ama tu ritmo y ritma tus acciones
Bajo su ley, así como tus versos
Eres un universo de universos
Y tu alma una fuente de canciones.

La celeste unidad que presupones
Hará brotar en ti mundos diversos,
Y al resonar tus números dispersos
Pitagoriza en tus constelaciones.

Escucha la retórica divina
Del pájaro del aire' y la nocturna
Irrradiación geométrica adivina;

Mata la indificencia taciturna
Y engarza perla y perla cristalina
En donde la verdad vuelca su urna.

Ama Tu Ritmo:

Beyond the Glitter Rosemary C. LoDato, 1999 The influence of the plastic arts especially painting and sculpture upon the Hispanic literary movement known as Modernismo is well documented Although numerous studies have referred to gems Beyond the Glitter focuses upon the significance of gems and jewels in elaborating Modernismo's complex aesthetics The role of gems and jewelry is discussed in the poetics of three prominent Modernista writers Ruben Dario Ramon del Valle Inclin and Jose Asuncion Silva The conclusion underscores how the rich and varied symbolism associated with jewelry and precious gems enriched the poetics of Modernista writers because it enabled them to articulate their quest for ideal beauty expressive of a sublime state of mind and spirit The Cambridge Companion to Modern Latin American Culture John King, 2004-04 The term Latin America refers to the Portuguese and Spanish speaking states created in the early 1820s following the wars of independence states that differed enormously in geographical and demographical scale ethnic composition and economic resources yet shared distinct historical and cultural traits Specially commissioned essays by leading experts explore the unity and diversity of the region's cultural expressions These essays analyse history and politics from the nineteenth century to the present day and consider the heritage of pre-Columbian and Colonial Latin America There is a particular focus on narrative as well as on poetry art and architecture music cinema theatre and broader issues of popular culture A final chapter looks at the strong and rapidly expanding influence of Latino culture in the United States A chronology and guides to further reading are included making this volume an invaluable introduction to the rich and varied culture of modern Latin America

Selected Writings Ruben Dario, 2005-12-06 Born in Nicaragua Ruben Dario is known as the consummate leader of the Modernista movement an esthetic trend that swept the Americas from Mexico to Argentina at the end of the nineteenth century Seeking a language and a style that would distinguish the newly emergent nations from the old imperial power of Spain Dario's writing offered a refreshingly new vision of the world an artistic sensibility at once cosmopolitan and connected to the rhythms of nature The first part of this collection presents Dario's most significant poems in a bilingual format and organized thematically in the way Dario himself envisioned them The second part is devoted to Dario's prose including short stories fables profiles travel writing reportage opinion pieces and letters A sweeping biographical introduction by distinguished critic Ilan Stavans places Dario in historical and artistic context not only in Latin America but in world literature For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators Rubén Darío and the Romantic Search for Unity Cathy L. Jade, 2014-07-03 Modernism was the major Spanish American literary movement of the late nineteenth and early twentieth centuries Leader of that influential movement was Ruben Dario the

Nicaraguan now recognized as one of the most important Hispanic poets of all time Like the Romantics in England and the Symbolists on the Continent Dar o and other Modernists were strongly influenced by occultist thought But as the poet Octavio Paz has written academic criticism has preferred to close its eyes to the stream of occultism that runs throughout Dar o s work This silence damages our comprehension of his poetry Cathy Login Jade s groundbreaking study corrects this critical oversight Her work clearly demonstrates that esoteric tradition is central to Modernism and that an understanding of this centrality clarifies both the nature of the movement and its relationship to earlier European literature After placing Modernism in a broad historical and literary perspective Jade examines the impact of esoteric beliefs upon Dar o s view of the world and the role of poetry in it Through detailed and insightful analyses of key poems she explores the poet s quest for solutions to the nineteenth century crisis of belief The movement that Ruben Dar o headed brought Hispanic poetry into the mainstream of the modern tradition with its sense of fragmentation and alienation and its hope for integration and reconciliation with nature Rub n Dar o and the Romantic Search for Unity enriches our understanding of that movement and the work of its leading poet

Rediscovering Rubén Darío through Translation Carlos F. Grigsby, 2024-06-13 A long overdue examination of Rub n Dar o s multilingual work and influences alongside the contexts and politics of canonization in world literature Rediscovering Rub n Dar o through Translation addresses the peculiar obscurity of Dar o by asking these questions How can one of the most important writers of a major world language be almost entirely unknown in the English speaking world How is it that other writers of the same language e g Lorca or Garc a M rquez achieve widespread recognition in the anglophone world while he remains unnoticed What role does translation play in this What can it tell us about the way in which world literature is articulated Carlos F Grigsby approaches Dar o s oeuvre through translation In doing so he explores not only the place of Dar o in the translation of Spanish American literature into English but also the place of translation in Dar o s own writing The result is a double sided painting as it were the recto is titled Translation in Dar o and the verso Dar o in Translation This book challenges the field of world literature by revealing some of the biases present in its representation of Spanish American literature It adopts a multilingual framework chiefly using English Spanish French and to a lesser degree Latin and Catalan in analyzing Dar o s writing alongside that of his contemporaries As a result it reveals the multilingualism of Dar o s own writing opening new avenues for the study of his work and of Spanish American modernismo more generally
