Ira Progoff

At A Journal Workshop Inner Workbook:

At a Journal Workshop Ira Progoff, 1992-05-01 What would you like your life to be Ira Progoff s Intensive Journal Process combines one of the oldest methods of self exploration and expression keeping a journal with a structured format that enables you to get to know the inner core of your life on ever deeper levels and gain a fuller perspective on where you are The Intensive Journal Process also empowers you to take the action necessary to change the course of your life and unlock your hidden creative potential This rich insightful work is a treasure for all those involved in self inquiry artistic creation and spiritual renewal

Three Keys to Self-Understanding Pat Wyman, 2001 Self discovery can be an elusive process Some people never fully express their true personalities because of obstacles from the past Others float through life with a set of defense mechanisms that seem adequate until something happens to shake that pattern In her groundbreaking work Pat Wyman combines three psychological techniques to create a successful method of personal integration The foundation of the work is a comparative exploration of how the MBTI instrument the Enneagram and Inner Child Healing can assist in self discovery In the end it is a strikingly honest and poignant study of how a remarkable group of people dealt with tragedy and abuse and how they achieved healing through intense introspection and the use of these three modalities Courageous clients share their stories poems artwork and letters which are interwoven throughout the author s in depth explanation of how to guide client s through this process
