America at War Terence T. Finn, 2014-01-07 War organized violence against an enemy of the state seems part and parcel of the American journey Indeed the United States was established by means of violence as ordinary citizens from New Hampshire to Georgia answered George Washington s call to arms Since then war has become a staple of American history Counting the War for Independence the United States has fought the armed forces of other nations at least twelve times averaging a major conflict every twenty years In so doing the objectives have been simple advance the cause of freedom protect U S interests and impose America s will upon a troubled world More often than not the results have been successful as America s military has accounted itself well Yet the cost has been high in both blood and treasure Americans have fought and died around the globe on land at sea and in the air Without doubt their actions have shaped the world in which we live In this comprehensive collection Terence T Finn provides a set of narratives each concise and readable on the twelve major wars America has fought He explains what happened and why such places as Saratoga and Antietam Manila Bay and Midway are important to an understanding of America s past Readers will easily be able to brush up on their history and acquaint themselves with those individuals and events that have helped define the United States of America

Daugherty III,Rhonda L. Smith-Daugherty,2018-02-08 Volume 2 continues the history of the U S Marine Corps involvement in small wars after World War II beginning with advisory efforts with the Netherlands Marine Korps 1943 1946 The authors describe counterinsurgency efforts during the Korean War 1950 1953 the development of vertical assault tactics in the late 1940s 1950s and 1960s counterinsurgency in Southeast Asia 1962 1975 involvement in Central America 1983 1989 and present day conflicts including the War on Terror and operations in Iraq and Libya **United States Army in World War II.** ,1951 **Our War Too** Margaret Paton-Walsh,2002 In the late 1930s a number of American women especially those allied with various peace and isolationist groups protested against the nation s entry into World War II While their story is fairly well known Margaret Paton Walsh reveals a far less familiar story of women who fervently felt that American intervention was absolutely necessary Paton Walsh recounts how the United States became involved in the war but does so through the eyes of American women who faced it as a necessary evil Covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women s organizations informal women s networks and even male dominated lobbying groups In the Great Debate over whether America should enter the war some women favored aid to the Allies not because they hoped for war but because they hoped aid would forestall more direct U S involvement but also because they believed war was preferable to a Nazi victory Paton Walsh shows that this activism involved some of the most prominent women of their day Elizabeth Cutter Morrow whose son in law Charles Lindbergh was an isolationist spokesman supported the revision of the Neutrality Acts to allow the sale of arms to the Allies and expressed her support in a national radio broadcast Soon other women joined this debate Esther Brunauer of the AAUW journalist Dorothy Thompson and organizations like the League of Women Voters and National Women s Trade Union League broke from the pacifist tradition to advocate American aid for the Allied cause Focusing on the conflict in Europe Paton Walsh shows how these women grasped the implications of the Lend Lease program for America s entry into the war but supported it nevertheless By late 1941 the Women s Division of the Fight for Freedom Committee had been established no longer merely advocating aid to Britain to keep American boys out of battle this organization supported direct American involvement in the war as a means of stopping Nazi oppression While most historians have focused on women s pacifism Paton Walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs Our War Too is a story of American women trying to reconcile the irreconcilable to preserve both their principles and their peace It expands our understanding of
