

# AMERICAN HISTORY AND AMERICAN HISTORIANS

A REVIEW OF RECENT CONTRIBUTIONS  
TO THE INTERPRETATION OF THE  
HISTORY OF THE UNITED STATES

H. HALE BELLOT

# An Interpretation Of American History

**Richard L. Rapson**

## **An Interpretation Of American History:**

*Interpretations of American History, 6th Ed, Vol. 1* Gerald N. Grob, George Athan Billias, 1992 In its sixth edition this provocative uniquely interpretive approach to the study of American history reflects the most recent significant historical scholarship and thought with numerous new contributors From the Puritans to 1877 ten lively chapters provides students with a spectrum of divergent historical viewpoints on the main social political and economic trends that have shaped America's development over nearly two and a half centuries Acknowledging the dynamic and malleable quality of our national historical experience Grob and Billias reveal how succeeding generations of Americans continually rewrite the story of the past in light of evolving ideas attitudes and assumptions *Interpretations of American History, 6th Ed, Vol.* Gerald N. Grob, George Athan Billias, 2010-06-15 This collection of essays on American history reflects recent scholarship Contributors new to this edition include Gary Nash Arthur Schlesinger Richard P McCormick Gerda Lerner Ellen C DuBois Vicki L Ruiz Nathan I Huggins John Lewis Gaddis Paul Kennedy and Kevin P Philips Edited by Gerald N Grob and George Athan Billias

**Since 1877**, 1987 **An Interpretation of American History** Samuel A. Johnson, 1968 Understanding the American past : American history and its interpretation Edward Norman Saveth, 1954 *Writings on American History*, 1916 **Interpreting American Military History at Museums and Historic Sites** Marc K. Blackburn, 2016-04-08 Across the country museums and historic sites welcome visitors into a world long gone but fundamental to America today Military history in particular is etched into our country's culture and the public's imagination The trouble though for museums and historical sites lies in continuing to make it both accessible and relevant to today's audiences Through *Interpreting American Military History at Museums and Historic Sites* Marc K Blackburn tackles the difficult task of helping those institutions charged with the care of sites collections and stories that relate to our past relatable while still maintaining the dignity and reverence of their rich history Looking at the various components of American military history such as battles and famous figures Blackburn provides alternatives to the traditional museum experience The 21st century is a culmination of the past and it is more important than ever to remember and learn from the triumphs and failures and this guide provides and explains those strategies for making our stories and collections relevant to modern audiences This book acts as a primer for those unfamiliar with academic trends of the last forty years Historiography of American military history like that of other sub fields shifts as new information surfaces or as perspectives change Blackburn modernizes this area through new interpretative methods as well as through case studies of museums and historic sites that have created programs interpretive media outreach strategies and mission goals updated to meet the needs of today's patrons Armed with these strategies historic institutions will have the foundation to provide compelling relevant and engaging experiences for the 21st century audience Annual Report of the American Historical Association American Historical Association, 1920 **The Iowa Journal of History and Politics**, 1903 **Interpreting Naval History at Museums and Historic Sites** Benjamin J.

Hruska,2016-08-09 Interpreting Naval History at Museums and Historic Sites demonstrates the broad appeal of naval themed commemoration centering on military aspects from both times of war and peace Transcending place and time naval history is shaped into public forums for modern day consumption These occurrences are not limited to just recent history as can be seen in the celebration of man s long history of transforming bodies of water from barriers into opportunities In addition with the modern day nation state naval history is not just limited to areas near large bodies of water as seen with landlocked states in the United States sharing in a proud naval tradition Examples of this included in the book are USS Arizona BB 39 and USS Missouri BB 63 Naval history is just one avenue with sites marking the history of immigration engineering technology and architecture Naval history also extends into lighthouses and port facility construction which are the background of a host of U S Generals in the U S Army with the Army Corps of Engineers which includes the Robert E Lee Using an international approach the book illustrates the intersection of the historical understanding of one s place and naval traditions Locating the boundaries one finds both the depth and breath of the topics linking and dividing water and man

**Interpreting America** John Ryder,1999 By taking mainstream Soviet philosophical commentators like Baskin Bogomolov Karimsky Melvil Pokrovsky Sidorov and Yulina seriously and letting them speak for themselves Ryder shows not only what Soviet philosophers and scholars thought of American philosophy and why they were so interested in the first place but also the nuances of the internal disagreements among Soviet thinkers about what American philosophers were saying He also reveals a strong continuity between contemporary post Soviet Russian philosophy and earlier Soviet work

*Interpretation of American History* Gerald N. Grob,1982 *Annual Report of the American Historical Association* ,1908

Interpreting Science at Museums and Historic Sites Debra A. Reid,Karen-Beth G. Scholthof,David D. Vail,2023-09-11 Ask not what science can do for you but what public history can do for science Interpreting Science in Museums and Historic Sites stresses the untapped potential of historical artifacts to inform our understanding of scientific topics It argues that science gains ground when contextualized in museums and historic sites Engaging audiences in conversations about hot topics such as health and medical sciences or climate change and responses to it mediated by a history museum can emphasize scientific rigor and the time lag between discovery and confirmation of societal benefit Interpreting Science emphasizes the urgency of this work provides a toolkit to start and sustain the work shares case studies that model best practice and resources useful to facilitate and sustain a science infused public history

**Rethinking America** John M. Murrin,2018-04-02 For five decades John M Murrin has been the consummate historian s historian This volume brings together his seminal essays on the American Revolution the United States Constitution and the early American Republic Collectively they rethink fundamental questions regarding American identity the decision to declare independence in 1776 and the impact the American Revolution had on the nation it produced By digging deeply into questions that have shaped the field for several generations Rethinking America argues that high politics and the study of constitutional and ideological

questions broadly the history of elites must be considered in close conjunction with issues of economic inequality class conflict and racial division Bringing together different schools of history and a variety of perspectives on both Britain and the North American colonies it explains why what began as a constitutional argument that virtually all expected would remain contained within the British Empire exploded into a truly subversive and radical revolution that destroyed monarchy and aristocracy and replaced them with a rapidly transforming and chaotic republic This volume examines the period of the early American Republic and discusses why the Founders assumptions about what their Revolution would produce were profoundly different than the society that emerged from the American Revolution In many ways Rethinking America suggests that the outcome of the American Revolution put the new United States on a path to a violent and bloody civil war With an introduction by Andrew Shankman this long awaited work by one of the most important scholars of the Revolutionary era offers a coherent interpretation of the complex period that saw the breakdown of colonial British North America and the founding of the United States

**Major Interpretations of the American Past** Richard L. Rapson,1971 **The Washington Historical Quarterly** ,1913 **Understanding the American Past** Edward Norman Saveth,2003-01-01 **The Journal of Geography** ,1905 *Washington Historical Quarterly* ,1914
