

INTRODUCTION TO MARXIST ECONOMICS

An Introduction To Marxist Economics

John Cunningham Wood

An Introduction To Marxist Economics:

An Introduction to Marxist Economics George Catephores,1989 This text presents an elementary exposition of the basic principles of Marxist economics from the central ideas of Marx himself through the reassessments made by subsequent Marxian economists The work is aimed at students of Marxist studies and related courses *An Introduction to Marxist Economic Theory* Ernest Mandel,2002 [An Introduction to Marxist Economics](#) Nathan Johnson,2024-03-22 The main aspect which distinguishes this book from other introductions to Marxist economics is the empirical evaluation of indicators and trends which characterize capitalism over time The first half addresses foundational topics while the second half outlines the historical development of capitalism and concludes with principles of socialist economics [A People's Guide to Capitalism](#) Hadas Thier,2018-06-02 A lively accessible and timely guide to Marxist economics for those who want to understand and dismantle the world of the 1% Economists regularly promote Capitalism as the greatest system ever to grace the planet With the same breath they implore us to leave the job of understanding the magical powers of the market to the experts Despite the efforts of these mainstream commentators to convince us otherwise many of us have begun to question why this system has produced such vast inequality and wanton disregard for its own environmental destruction This book offers answers to exactly these questions on their own terms in the form of a radical economic theory Thier s urgently needed book strips away jargon to make Marx s essential work accessible to today s diverse mass movements Sarah Leonard contributing editor to The Nation A great book for proletarian chain breaking Rob Larson author of Bit Tyrants The Political Economy of Silicon Valley Thier unpacks the mystery of capitalist inequality with lucid and accessible prose We will need books like A People s Guide to help us make sense of the root causes of the financial crises that shape so many of our struggles today Keeanga Yamahtta Taylor author of Race for Profit How Banks and the Real Estate Industry Undermined Black Homeownership Ranging from exploitation at work to the operations of modern finance this book takes the reader through a fine tuned introduction to Marx s analysis of the modern economy Thier combines theoretical explanation with contemporary examples to illuminate the inner workings of capitalism Reminds us of the urgent need for alternatives to a crisis ridden system David McNally author of Blood and Money **Free to Lose** John E. Roemer,1988 Roemer challenges the morality of an economic system based on private ownership of the means of production Unless you start with a certain amount of wealth in such a society you are only free to lose This book addresses crucial questions of political philosophy and normative economics **The Logic of Capital** Deepankar Basu,2022-02-03 This book presents the main economic argument developed by Marx in the three volumes of Capital in a coherent and comprehensive manner It also delves into three long standing debates in Marxist political economy the transformation problem the Okishio theorem and theories of exploitation and oppression Starting with discussions of methodology including dialectics and historical materialism the book explains key concepts of Marxist political economy commodity value money capital reserve army of labour accumulation of

capital circuit of capital reproduction schemas prices of production profit interest and rent Scholars of economics sociology geography political science anthropology and other kindred disciplines will find here an accessible yet rigorous treatment of Marxist political economy

Introduction to Marxist Theory Ernest Mandel, 2021-01-30 This book contains a selection of essays on key subjects Mandel worked on the theory of the state imperialism reformism and bureaucracy The Leninist Theory of Organisation is an influential essay on class consciousness and organisation The Introduction to Marxist Economic Theory was widely used as a textbook in classes on Marxist economics This book is the first in a series of selected writings by Ernest Mandel

CONTENTS Introduction by Ian Parker The Marxist Theory of the State The Marxist Theory of Imperialism and its Critics An Introduction to Marxist Economic Theory The Nature of Social Democratic Reformism On Bureaucracy A Marxist Analysis The Leninist Theory of Organisation

Introduction to Marxist economics Bob Chester, 1945 Dialectical Economics Lyndon H. LaRouche, 1975

Karl Marx's Economics John Cunningham Wood, 1987 The first 4 volumes of an 8 volume re issue of Karl Marx's key essays in the economics arena these titles also cover newer controversies in Marxian economics such as reinterpretations by Sraffa and Roemer

The Elgar Companion to Marxist Economics Ben Fine, Alfredo Saad-Filho, Marco Boffo, 2012-01-01 This Companion takes stock of the trajectory achievements shortcomings and prospects of Marxist political economy It reflects the contributors shared commitment to bringing the methods theories and concepts of Marx himself to bear across a wide range of topics and perspectives and it provides a testimony to the continuing purpose and vitality of Marxist political economy As a whole this volume analyzes Marxist political economy in three areas the critique of mainstream economics in all of its versions the critical presence of Marxist political economy within and its influence upon each of the social science disciplines and cutting across these the analysis of specific topics that straddle disciplinary boundaries Some of the contributions offer an exposition of basic concepts accessible to the general reader laying out Marx's own contribution its significance and subsequent positions and debates with and within Marxist political economy The authors offer assessments of historical developments to and within capitalism and of its current character and prospects Other chapters adopt a mirror image approach of pinpointing the conditions of contemporary capitalism as a way of interrogating the continuing salience of Marxist analysis This volume will inform and inspire a new generation of students and scholars to become familiar with Marxist political economy from an enlightened and unprejudiced position and to use their knowledge as both a resource and gateway to future study

An Introduction to Marxist Political Economy Bade Onimode, 1985

Bibliography Index *An Introduction to Karl Marx* Jon Elster,1986-07-25 A critical introduction to Marx s social political and economic thought that stresses the relevance and importance of many of the philosopher s theories It can be considered a standard basic reference work for the study of Marx in conjunction with the author s companion selection of Marx s writings Karl Marx A Reader **Marxian Economics** David F. Ruccio,2022-07-21 More and more people have turned to Marxian economics in recent years But isn t it a defunct branch of the dismal science disproven by the experience of the past 150 years of no interest to anyone except historians In this book David Ruccio demonstrates why the answer to that question is a resounding no He offers a clear and accessible introduction to the basic concepts and theoretical strategies of Marxian economics its key differences from mainstream economics and its many applications to the real world Focusing on Marx s critique of both mainstream economic theory and capitalism Ruccio extends that analysis to contemporary topics from inequality and economic crises to racial capitalism and the climate crisis and outlines the key debates among Marxian economists He concludes with a discussion of the ways Marxian economists today think about the possibility of moving beyond capitalism The book is suitable for students and professors as well as readers outside the academy interested in learning about Marxian economics It will be useful both as a stand alone text and as a companion to reading Capital

Marx's Economics Alexander Balinky,1970 [An Introduction to the Three Volumes of Karl Marx's Capital](#) Michael Heinrich,2012-06 The global economic crisis and recession that began in 2008 had at least one unexpected outcome a surge in sales of Karl Marx s Capital Although mainstream economists and commentators once dismissed Marx s work as outmoded and flawed some are begrudgingly acknowledging an analysis that sees capitalism as inherently unstable And of course there are those like Michael Heinrich who have seen the value of Marx all along and are in a unique position to explain the intricacies of Marx s thought Heinrich s modern interpretation of Capital is now available to English speaking readers for the first time It has gone through nine editions in Germany is the standard work for Marxist study groups and is used widely in German universities The author systematically covers all three volumes of Capital and explains all the basic aspects of Marx s critique of capitalism in a way that is clear and concise He provides background information on the intellectual and political milieu in which Marx worked and looks at crucial issues beyond the scope of Capital such as class struggle the relationship between capital and the state accusations of historical determinism and Marx s understanding of communism Uniquely Heinrich emphasizes the monetary character of Marx s work in addition to the traditional emphasis on the labor theory of value this highlighting the relevance of Capital to the age of financial explosions and implosions **Encyclopedia of**

Philosophy and the Social Sciences Byron Kaldis,2013-03-07 This encyclopedia magnificently edited by Byron Kaldis will become a valuable source both of reference and inspiration for all those who are interested in the interrelation between philosophy and the many facets of the social sciences A must read for every student of the humanities Wulf Gaertner University of Osnabrueck Germany Byron Kaldis Encyclopedia of Philosophy and the Social Sciences is a triumph The entries

are consistently good the coverage is amazing and he has managed to involve the whole scholarly community in this field It shows off the field very well and will be a magnificent resource for students and others Stephen Turner USF USA Like all good works of reference this Encyclopedia of Philosophy and the Social Sciences is not to be treated passively it provides clear and sometimes controversial material for constructive confrontation It is a rich resource for critical engagement The Encyclopedia conceived and edited by Byron Kaldis is a work of impressive scope and I am delighted to have it on my bookshelf David Bloor Edinburgh UK This splendid and possibly unique work steers a skilful course between narrower conceptions of philosophy and the social sciences It will be an invaluable resource for students and researchers in either or both fields and to anyone working on the interrelations between them William Outhwaite Newcastle UK A work of vast scope and widely gathered expertise the Encyclopedia of Philosophy and the Social Sciences is a splendid resource for anyone interested in the interface between philosophy and the social sciences Nicholas Rescher Pittsburgh This encyclopedia is the first of its kind in bringing together philosophy and the social sciences It is not only about the philosophy of the social sciences but going beyond that it is also about the relationship between philosophy and the social sciences The subject of this encyclopedia is purposefully multi and inter disciplinary Knowledge boundaries are both delineated and crossed over The goal is to convey a clear sense of how philosophy looks at the social sciences and to mark out a detailed picture of how the two are interrelated interwoven at certain times but also differentiated and contrasted at others The Entries cover topics of central significance but also those that are both controversial and on the cutting edge underlining the unique mark of this Encyclopedia the interrelationship between philosophy and the social sciences especially as it is found in fresh ideas and unprecedented hybrid disciplinary areas The Encyclopedia serves a further dual purpose it contributes to the renewal of the philosophy of the social sciences and helps to promote novel modes of thinking about some of its classic problems The Encyclopedia of Philosophy and the Social Sciences edited by Byron Kaldis provides a unique needed and invaluable resource for researchers at every level Unique because nothing else offers the breadth of coverage found in this work needed because it permits researchers to find longer but also relatively brief clear but nonetheless expert articles introducing important topics and invaluable because of the guidance offered to both related topics and further study It should be the place that any interested person looks first when seeking to learn about philosophy and the social sciences Paul Roth UC Santa Cruz USA The Encyclopedia of Philosophy and the Social Sciences edited by Byron Kaldis covers an enormous range of topics in philosophy and the social sciences and the entries are compact overviews of the essential issues Harold Kincaid University of Alabama at Birmingham USA

The American Economic Review ,1927 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Hand book of the American Economic Association
