Schweitzer's reverence for life philosophy is embedded in a typically European appreciation of mysticism that is not commensurate with African indigenous religious values. From an African academic perspective, the book advocates the view that Schweitzer's concept of the reverence for life supports not only the Biblical notion of *imago Dei* but also the African humanist values of the preservation and protection of life, criticising the exploitation of the environment by warring factions and large companies, especially in oil-producing African countries. It also argues that Schweitzer's disposition on ethics was influenced by the Second World War, his sentiments against nuclear weapons, and his resistance to the Enlightenment view of civilisation. With regard to Jesus studies, the book elucidates values promoted by Schweitzer by following in Jesus' steps and portraying Jesus' message within a modern world view. Taken over from Schweitzer, the book argues that Jesus' moral authority resides in his display of love and his interaction with the poor and marginalised. The book demonstrates Schweitzer's understanding of Jesus as the one who sacrifices his own life to bring the Kingdom of God to realisation in this world. The book commends Schweitzer's insight that we know Jesus through his toils on the one hand and through our own experiences on the other. It is in a mixture between the two that the hermeneutical gap between then and now is bridged. It is precisely in bridging this gap that Schweitzer sees himself as an instrument of God's healing. It defines Schweitzer as the embodiment of being a healer, educationalist, and herald of the greening of Christianity. His philosophy on the reverence for life prepares a foundation for Christians to think green about human life within a greater environment. He advocates aspects of education such as lifelong learning, holistic education, and a problem-based approach to education. Finally, the book analyses both critically and appreciatively Albert Schweitzer's contribution to the concepts of religious healing prevalent in African Christianity today.

Pilgrimage to Humanity Albert Schweitzer, 2014-12-02. The dimensions of the central theme are illuminated by Schweitzer's discussions of his philosophy of culture, the course of his life, his ministry to human needs in Africa, the idea of reverence for life, the ideal of world peace, the significance of liberal Christianity, and the lives, world views, and contributions of Johann Goethe, J.S. Bach, and Jesus of Nazareth. The pages of these selections give a remarkable revelation of the creative spirit of a modern saint and philosopher. The translation is by Water E. Stuermann, University of Tulsa.

Albert Schweitzer's Legacy for Education A. Rud, 2011-01-03. This is the first book devoted to the study of the thought of Albert Schweitzer as it relates to educational theory and practice. Rud argues that Schweitzer's life and work offer inspiration and timely insights for both educational thought and practice in our new century.

The Essence of Faith Albert Schweitzer, 2019-05-07. The Nobel Peace Prize-winning doctor, theologian, and missionary explores the essence of faith in this masterful early work on Kantian metaphysics. Famous for his medical missionary work in what is now the West African country of Gabon, Albert Schweitzer was an accomplished theologian, philosopher, and international bestselling author. While studying for his PhD at the Sorbonne, Schweitzer developed his views on theology through an analysis of Immanuel Kant's philosophy of religion. In *The Essence of Faith*, Schweitzer explores Kantian ideas to arrive at an inspiring meditation on God.
