**Preaching to Latinos** Michael Kueber,Michael I. Kueber,2022-11-08 There is a wide and growing gap in the Catholic Church in the United States between the clergy who are mostly of European descent and the large percentages of Catholics who identify as Latinos While the US Church has made a concerted effort to build Hispanic ministries many clergy and lay ministers are still ill equipped to understand the cultural background of their parishioners especially the large numbers who are foreign born Because of this disconnect the Church risks missing the Hispanic Moment in the US Church in which the faith and traditions of these newest waves of US immigration could not just exist in parallel to English language congregations but enrich and enliven the faith of the whole community while passing on the faith to subsequent generations Learning Spanish while helpful is not enough There are intercultural competencies that can only be developed through practice but it also helps already busy clergy to have a concise guide In addition to knowing the scholarly literature on cross cultural preaching and Hispanic culture Father Michael Kueber has twenty years of experience serving first generation Hispanic immigrants and their second generation children In *Preaching to Latinos* Kueber provides the readers with best practices for preaching to and leading their churches As a member of an ecumenical community he is able to speak to members of all Christian denominations
