An Open Letter To Confused Catholics:

Open Letter to Confused Catholics Marcel Lefebvre,1986 [An Open Letter to Confused Catholics](#) Marcel Lefebvre,1986 **Theological Dissent in Post-Vatican II Catholicism** Archbishop Marcel Lefebvre,1986 **Theological Dissent in Post-Vatican II Catholicism** Anthony Devlin,2025-12-03 This book examines the reality of theological dissent in the Catholic Church in the decades since the Second Vatican Council 1962-1965 and its relation to the problematic search for certainty and doctrinal consistency in addressing the complexities of moral decision making in the contemporary world. Concern for the fundamental dignity of the human person and the tension between obedience and the ultimate freedom in conscience of the believer within the boundaries of the institution have informed successive episodes of dissent and their attempted suppression in the post-Conciliar period. Neuralgic issues in sexual ethics, feminist theology, the role of women in the Church, and theologies of liberation have presented profound challenges to magisterial authority, resulting in a fracturing of the faith community and the persistence of a progressive-conservative divide. The Church's Synodal turn meanwhile has presented new possibilities for a dialogical approach to dissent, emphasizing discernment and principles of participation and co-responsibility, focusing on a dialectical approach to unsettled questions and inviting a diversity of theological expressions. Equally, however, conservative dissent and entrenched opposition to the possibility of transposing hitherto adversarial postures into a more constructive and collaborative frame present a growing threat to unity in a polarized world now increasingly tempted by totalitarianism and losing the capacity for constructive disagreement. The book will be of particular interest to scholars and general readers in theology, ecclesiology, and religious studies. **Catholic Fundamentalism in America** Mark S. Massa,2025-03-03 The term fundamentalism has its roots in specific forms of American Protestantism that arose around the turn of the twentieth century in reaction to liberalizing and modernizing trends within the church. In this book, Mark Massa argues that an analogously reactive, militant, and sectarian fundamentalist movement emerged within American Catholicism in the decades after World War II for a similarly complex mix of theological and cultural reasons. In *Catholic Fundamentalism in America*, Massa gives the first account of the Catholic form of the anti-modernist impulse. Massa recounts how Catholic fundamentalism has reacted both to the teachings of the Second Vatican Council and to the tensions of America's pluralist secular culture. Like their Protestant cousins, Catholic fundamentalists combine a sectarian understanding of religion with an aggressive anti-progressive stance. Their main enemies were not Protestants or secular Americans but other Catholics who didn't share their extreme views. Also like the Protestant fundamentalists, Catholic devotees of the fundamentalist impulse have sought and found political conservatives with whom to make common cause on a range of issues, such as the place of women in American culture, the value of pluralism within the Church, and the larger culture and the importance of cooperation with non-Catholics. Contemporary Catholic conservatives merge theological and political impulses into movements that punch above their weight within the community through their clever use of social

media Through seven portraits of individuals and movements that embody the Catholic fundamentalist impulse Massa demonstrates how the Catholic Right like its evangelical Protestant counterpart has reacted to and fought against modern American culture
