An Option On Death:

Death Was Not an Option! Tim Layman, 2012-05-15 On December 18 2009 Marcy Layman woke up to excruciating abdominal pain and I rushed her to Swedish Emergency in Issaquah Washington After an hour of blood tests and ultrasound treatments I was instructed to take her to a Swedish hospital in downtown Seattle Three hours of testing later we were given the news that Marcy had contracted stage IV inoperable pancreatic cancer and had three to six months to live This journal will take you on a two year spiritual medical nutritional emotional and in some cases humorous journey while we were finding stronger love and friendship between ourselves and the search for a cure for this insidious disease Marcys courageous fight against this apocalyptic disease and casting away the Grim Reapers shadow that crossed our doorstep on seven different occasions have inspired a plethora of people Some people walk through the world and never see it Marcy was not one of those people She was interesting and always curious to learn new things She was funny loving and truly creativethe most cherished and giving friend that God for some reason saw fit to bless us with We always question why we were so lucky and she was absolutely devoted to her family Marcy didnt just talk her religionshe lived it For the next twenty five months there were fifty chemo treatments different drugs both pharmaceutical and naturopathic and natural remedies from the Middle East including teas mushroom and spices No rock was left unturned no treatment or drug was not explored as an option we educated ourselves about the disease and all the cures and contacted the top cancer institutes in the country exploring any and all options possible In the two plus years that I was Marcys caregiver there were a lot of rhetorical questions that I asked and had in my mind as I found out there were answers some of which I liked and some I didnt like I immediately started to look for answers for what this disease was and why it contracted my lovely bride I looked for cures over and beyond what the doctors told us and tried to explore every option possible There is a multitude of questions about cancer and in this book you will find many answers We knew one thing though death was not an option

The Death Wish in the Hebrew Bible Hanne Løland Levinson, 2021-09-23 This is the first book to systematically investigate the texts in the Hebrew Bible in which a character expresses a wish to die Contrary to previous scholarship on these texts that assumed these death wishes were simply a desire to escape suffering Hanne L land Levinson employs narrative criticism and conversation analysis together with diachronic methods to carefully hear each death wish text in its literary context She demonstrates that death wishes embody powerful multi faceted rhetorical strategies Grouping the death wish texts into four main rhetorical strategies of negotiation expression of despair and anger longing to undo one s existence and wishing for a different reality L land Levinson portrays the complex reasons why characters in the Hebrew Bible wish for death She concludes that the death wishes navigate the tension between longing for death and fighting for survival a tension that many live with also today as they attempt to claim agency and autonomy in life

The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
