## **An Outline Of Animal Development:**

An Outline of Animal Development Richard Davenport, 1975      **Hormonal Regulation of Farm Animal Growth** K. L. Hossner, 2005 This book describes the cellular and molecular mechanisms that control farm animal growth including development and body composition The emphasis is on circulating hormones local growth factors and gene transcription factors which regulate growth and differentiation of skeletal muscle bone and adipose tissue Overall this book will be an important resource for students that have a limited background in cell molecular and developmental biology and the effect of endocrine and growth factors on the growth process      **Animal Developmental Biology** Julia Paxson, 2024 Written primarily for 16-19 year old students this primer introduces the subject of developmental biology through a wide range of organisms offering insights into the fundamental principles that shape life's diverse and extraordinary forms It covers all the essential topics including cell biology cell signalling cell specialization genomic control of development evidence for evolution and cell ageing and death The author guides students carefully and gradually through the concise contents providing a robust basis for understanding the molecular and morphological events that occur during embryo development but that are also important in adult homeostasis regeneration and disease Students will delve into the secrets of stem cells the marvels of regeneration and the paradox of how a broadly conserved genome can support the biodiversity we see throughout the natural world Engaging case studies and scientific approach boxes challenge the reader to think critically and practice scientific inquiry while open ended discussion questions draw on students creativity and curiosity **Animal Developmental Biology** is the ideal companion for students transitioning from biology at school to university It offers a first taste of biology beyond the classroom and illustrates the relevance of concepts encountered at school to current research Digital formats and resources The book is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile compatible experience and convenient access along with functionality tools navigation features and links that offer extra learning support [www.oxfordtextbooks.co.uk/ebooks](http://www.oxfordtextbooks.co.uk/ebooks) <http://www.oxfordtextbooks.co.uk/ebooks> Online resources available for registered adopters include downloadable figures and tables from the book      Environment and Animal Development D. Atkinson, M. Thorndyke, 2024-11-15 **Animal Developmental Ecology** is the first book to focus specifically on the interactions between the environment and developmental mechanisms with particular emphasis given to the consequences for animal populations The underlying premise of the book is that the study of physiological mechanisms alongside the analysis of adaptive values will enable rapid advances in our knowledge of this important field With contributors from well known experts the book will be invaluable for all postgraduates and researchers in this area      **Growth and Development with Special Reference to Domestic Animals** Albert Garland Hogan, Andrew Edward Murneek, Claude O.
