Anabaptist Portraits John Allen Moore, 1984 John Allen Moore's honest and balanced account of the life and work of six leading Anabaptists Conrad Grebel Felix Mantz George Blaurock Michael Sattler Hans Denck and Balthasar Hubmaier The stories of these key Reformers come alive in an interesting readable style as readers meet some of the first persons who dared to think free church thoughts

Picture this James R. Nickel, Dale Shenk, 1996 **Henry VIII and the Anabaptists** Albert Pleysier, 2014-04-01 Henry VIII and the Anabaptists describes a bloody chapter in the reign of the infamous Tudor king The book begins with the birth of Anabaptism in the city of Zurich and follows the Anabaptists as they search for religious freedom across the European Continent and into England Intolerant of religious diversity and sensitive to potential threats to his political authority Henry's suppression of the Anabaptists leaves them with two choices recant or burn

The Anabaptist Story William R. Estep, 1995-12-18 Four hundred seventy years ago the Anabaptist movement was launched with the inauguration of believer's baptism and the formation of the first congregation of the Swiss Brethren in Zurich Switzerland This standard introduction to the history of Anabaptism by noted church historian William R Estep offers a vivid chronicle of the rise and spread of teachings and heritage of this important stream in Christianity This third edition of *The Anabaptist Story* has been substantially revised and enlarged to take into account the numerous Anabaptist sources that have come to light in the last half century as well as the significant number of monographs and other scholarly works on Anabaptist themes that have recently appeared Estep challenges a number of assumptions held by contemporary historians and offers fresh insights into the Anabaptist movement

Wounds That Heal Simon V. Goncharenko, 2011-12-16 Is church discipline really necessary One sixteenth century Anabaptist reformer certainly thought so A contemporary of Luther and Zwingli Balthasar Hubmaier believed that church discipline was so important that he included the doctrine in every major area of his theology Not only did church discipline appear in his doctrine of humanity salvation and the church as a theoretical construct but he also included practical instructions regarding its implementation in the life of the church In this book Goncharenko examines Hubmaier's teaching on discipline and considers its relevance to the church today

Source Material Karl W. Hiersemann (Firm), 1926 *Called To Mission* Mirjam Scarborough, 2012-02-27 PAPERBACK 192 pages Crown Quarto format According to the meta study ReMAP between 1992 and 1994 one missionary in twenty prematurely left mission service each year This implies the loss of half of all missionaries every thirteen years With this in mind it is widely thought that a clear sense of call serves to prevent such dropout This detailed and compassionate study of Mennonite women missionaries in Central Africa finds this to be true in the short term But in the long term the sense of call itself tends to turn on the call resulting in burnout and dropout Through extensive field

work the author charts the course of missionaries who remodeled the call turning its burden into blessing This is embedded in a careful theological analysis drawing on a wide sweep of Mennonite thought and praxis

"Born Again": A Portrait and Analysis of the Doctrine of Regeneration within Evangelical Protestantism Stephen J. Hamilton,2017-04-03 Stephen J Hamilton attempts to create a portrait of born again Christianity by providing a general introduction to the doctrine of regeneration including its development in modernity as well as short exegeses of relevant scriptural texts followed by a close reading of four theologians Philipp Jakob Spener Jonathan Edwards Friedrich D E Schleiermacher and Charles G Finney who all associate the doctrine of regeneration with an experience of presence in the individual believer In light of these analyses he then traces a general theological structure of the born again understanding of regeneration including a catalogue of theological issues over which there is significant disagreement in order to create a topography of born again theologies In the final section he applies these results to contemporary conversion narratives of non theologians It is in such conversion narratives the author argues that theologians can discover an implicit lived theology that reveals how doctrines are perceived and put into practice among Christians Accordingly this is to be understood as the result of the creative reciprocity between often tacit theological convictions and the experiences of the Christian life The final chapter as a coda to the entire work offers some concluding reflections on the present cultural and political situation in the USA pertaining to born again Christianity and argues against any oversimplifications of the relationship between born again theologies culture and politics
