## Analyzing Love:

**Analyzing Love** Robert Brown,1987-10-30 Identification recognition understanding and justification are the four basic but neglected problems concerning love that this philosophical enquiry seeks to analyze *Love Is A Verb* William Hudson O'Hanlon,Bill Ohanlon,Patricia O'Hanlon Hudson,1995-02-07 Shows how to break out of old patterns solve relationship problems increase feelings of love and overcome past emotional difficulties **Quantitative Literary Analysis of the Works of Aphra Behn** Laura L. Runge,2023-05-09 Aphra Behn 1640 1689 prolific and popular playwright poet novelist translator has a fascinating and extensive corpus of literature that plays a key role in literary history Quantitative Literary Analysis of the Works of Aphra Behn Words of Passion offers what no book has done to date an analysis of all Behn s literary output It examines the author s use of words in terms of frequencies and distributions and stacks the words in context to read Behn s word usage synchronically Using this experimental method the book brings digital humanities into literary criticism to enhance our understanding and appreciation of literature beyond what is possible in diachronic reading and scholarship less supported by digital means The empirical approach works in collaboration with existing scholarship to understand Behn s distinct language of love and extreme passions across her genres *Value and Justification* Gerald F. Gaus,1990-07-27 Rational moral action can neither be seen as a way of maximising personal values nor derived from reason independent of them is this study s assertion It contends that commitment to the moral point of view is presupposed by value systems Rational moral action can neither be seen as a way of maximising personal values nor derived from reason independent of them is this study s assertion It contends that commitment to the moral point of view is presupposed by value systems *The Engine* Michael Rachkovsky,2017-05-31 The philosophical foundation of this novel is the idea that love and aesthetic sense are the most important products of the biological evolution on Earth and maybe even in the Universe Love is the only engine the source and the meaning of human existence and survival in our complex dark and often cruel world When beautiful and talented journalist Michelle Rosen meets geneticist Sam Levitin neither can imagine the exponentially developing and powerful passion that will dramatically transform their lives Their deep and intense affection for each other will see them drawn into the miraculous transcendental spiritual world From Michelles seeming mystical abilities to Sams extraordinary achievement at getting his dog the Saint Bernard Chook to speak both will begin to unravel the amazing mysterious connections that will become the framework of their new experience They will begin to uncover the next step in human evolution and attempt to breach the veil separating us from the Kingdom of the God of Love **God Alone Is the Truth and the Way** Frederick Mahan,2008-07 Many people are unsure about how to live righteously in today s uncertain world where morals are rapidly declining God Alone Is the Truth and the Way is a step by step guidebook that will reveal the cause and effect of the lies we believe teach you how to take the blinders off change your way of life and live with a sense of peace America and Americans are making the same fatal flaws that signaled the demise of Rome and the Romans and other

once prominent Western civilizations Author Frederick Mahan attributes affluence prejudice and the seven deadly sins to the deterioration He analyzes the fall of other Western civilizations and compares the phenomena with what is happening in America today Mahan then calls on insight from history religion literature and philosophy He cites gifted contributors who share the truths about love marriage democracy and freedom and shares personal accounts of his own spiritual failures and successes He ultimately invites and motivates you to explore a relationship with God personified in Jesus Christ This ultimate survivor s manual will show you the way to live in an ever changing and faithless world with a sense of direction and purpose and a genuine peace of mind

**When We Imagine Grace** Simone C. Drake,2016-08-08 Plutarch the famed Greek biographer wrote The Lives of the Roman Emperors early in his career Simone Drake could have called her book The Lives of Black Men She contrasts the portrayal of black men in mainstream media with the way she insists black men must imagine their lives ambitions and desires in both the civic arena and the domestic arena The narrow popular representation of black men as being in perennial crisis is one she rejects opting instead to see them as active agents of their own destinies Her book uncovers the ways in which black men in history literature film political arenas and popular culture have either challenged or been challenged by pathological constructions of black masculinity Imagining Grace refers to Toni Morrison s Beloved a black feminist framework Drake uses to see power in vulnerability and emotiveness from Tom Joyner s radio show to Richard Pryor s comedy to some of President Obama s social policy Drake is synthesizing black feminist and black masculinity studies Her black lives feature the African American cowboy Nat Love also Drake s own grandfather who imagined grace through military service in the first colored military unit to fight in World War II what emerges is a narrative of black pride and shame and thence to movies where Drake explores the theme of black fathers and daughters framed by a court case involving The Cosby Show as intellectual property The chapter that follows on twisted criminalities contrasts the valorization of black criminals thugs as heroes with the denigration of gay black men where we encounter the limits of grace in American Gangster Cornelius Edy s poetry and the viral video of Antoine Dodson discussing the attempted rape of his sister In concluding with Berry Gordy and hi hop Jay Z Drake meditates on black entrepreneurship as a nationalist site of redemption We are given in this book a way of seeing and knowing black maleness sophisticated in concept but bracingly vivid in the telling

Story World and Photodramatist ,1924 **Broken Lights and Mended Lives** William Caferro,2011-08-31 A discussion by a broadly respected authority of the complicated relationship between theology and ordinary life in the early church The first section of the book scrutinizes theology with a view to understanding its bearing upon Christian understandings of life the theological stories of Irenaeus Gregory of Nyssa and Augustine The second section examines aspects of ordinary life and explores how Christians related them to religious ideas the family hospitality citizenship monasticism and attitudes toward the collapse of the Roman Empire in the West This very learned piece of work which reflects lengthy study of original texts as well as of the current and important secondary literature is distinctive because it

does not conform to the present reigning ideology The author writes as a convinced Christian thinker He believes that there is no such thing as a purely detached observer and that the best way of being critical and fair is to make no secret of one's presuppositions but to face them so as to be able to discount them when necessary This quality makes the work interesting and suggestive The book is of importance to scholars and theologians and to all concerned with the early church Families in Context Gene H. Starbuck, Karen Saucier Lundy, 2015-11-17 The most thoroughly updated edition yet this book offers students perspectives of changes in marriage and family over time including the impact of the Great Recession and of new media technologies A hallmark of Families in Context remains the well researched data driven quality of the text Beyond presenting thoroughly updated statistics and literature each chapter examines new trends and assesses their implications for students lives The underlying presentation remains balanced theoretically grounded and accessible to a wide variety of classes allowing students of all ages and family backgrounds to draw their own conclusions about controversial topics Features of the new edition include coverage of the Affordable Care Act new social media and families the latest trends in poverty education social mobility gender identities and healthcare updated In the News features and author created PowerPoint slides

**Professor Reinhold Niebuhr** Ronald H. Stone, 1992-01-01 Stone breaks new ground by providing a fresh survey of Reinhold Niebuhr as professor demonstrating that this vocation was central to Niebuhr's lifework This book reveals Niebuhr's passion for the development of an intellectually equipped socially concerned Christian ministry Stone was Niebuhr's last graduate assistant Bibliography Index

**Gifts and Interests** Antoon Vandavelde, 2000 According to a common understanding of economics economists attempt to understand and explain societal reality in the light of individual self interest For them a gift is no exception to this except for the slight and misleading veil of altruism which covers a purely egoistic motivation On the other hand theologians philosophers and ethicists use a more normative concept of man Man realises his best potential through deeds of selfless sacrifice that remain unknown to everyone In reality however people are either entirely egoistic nor altruistic Marcel Mauss model of the gift is interesting because it seems to escape the classical or rather modern egoism altruism dichotomy Gifts are not primarily motivated by the well being of myself or the other but rather by the desire to bring about or maintain a certain kind of social relation between giver and receiver Altruistic as well as egoistic motivations are an integral part of that relation The role of gifts in the constitution of social relations and social cohesion explains why most kinds of gifts are reciprocal and even obligatory In this book anthropologists sociologists and economists as well as philosophers focus on the question of the relevance of Mauss work on the gift for the understanding of actual social phenomena *Analyzing Character, the New Science of Judging Men* Katherine Melvina Huntsinger Blackford, 1918

**Cosmic Consciousness** Alexander James McIvor-Tyndall, 1913 **Analyzing Character** Katherine Melvina Huntsinger Blackford, Arthur Newcomb, 1922 John L. Stoddard's Lectures, 1911 **The Church Quarterly Review**, 1908 *Church Quarterly Review*, 1908 **Studies in the Psychology of Sex** Havelock Ellis, 1911
