Analyzing Redistribution Policies A Study Using Australian Data:

Analyzing Redistribution Policies Nanak Kakwani, 1986-06-27 Develops techniques to analyze the income inequality and welfare and measure the direct impact of taxes and government cash transfers on the distribution of income Also reveals the effects of current government programs on the welfare of particular groups in the community [The Study of Welfare State Regimes](#) Jon Eivind Kolberg, 2019-07-25 Examines the interaction between labour markets and the welfare state at the institutional level Topics discussed include the legislative structuring of programmes how the characteristics of programmes have changed over time and the private and public mix of programmes [Handbook of Income Inequality Measurement](#) Jacques Silber, 2012-12-06 Amartya Sen Equality I spoke the word As if a wedding vow Ah but I was so much older then I am younger than that now Thus sang Bob Dylan in 1964 Approbation of equality varies not only with our age though it is not absolutely clear in which direction the values may shift over one s life time but also with the spirit of the times The 1960s were good years for singing in praise of equality The spirit of the present times would probably be better reflected by melodies in admiration of the Federal Reserve System And yet the technical literature on the evaluation and measurement of economic inequality has grown remarkably over the last three decades Even as actual economic policies especially in North America and Europe have tended to move towards focusing on virtues other than the avoidance of economic inequality the professional literature on assessing and gauging economic inequality has taken quite a jump forward A great many different problems have been addressed and effectively sorted out and new problems continue to be posed and analyzed The Contents A Review Jacques Silber has done a great service to the subject by producing this collection of admirably helpful and illuminating papers on different aspects of the measurement of income inequality The reach of this collection is quite remarkable Along with a thorough overview from the editor himself the major areas in this complex field have been carefully examined and accessibly discussed **The Distribution of Welfare and Household Production** Stephen P. Jenkins, Arie Kapteyn, Bernard M. S. van Praag, 1998-04-16 This book uses a range of approaches to measure living standards and economic welfare **Income and Wealth Distribution, Inequality and Poverty** Camilo Dagum, Michele Zenga, 2012-12-06 This book deals with the following issues the analysis estimation and assessment of alternated models of income distribution the specification and evaluation of income inequality measures the analysis and measurement of poverty and its rationale the scope and methodological power of the social accounting matrix SAM in the analysis of the functional and personal distribution of income and the family income multiplier the study of the source and reliability of income distribution data the decomposition of income inequality measures the asymptotic distributions and inferential analysis of income inequalities and an inquiry on the income distribution and income inequality of Eastern European Countries under socialism New models on income and wealth distribution are specified and their corresponding properties and goodness of fit are discussed A multivariate approach to the measurement of poverty is developed and applied and a compact survey of the

literature is presented The book can be used as a text in advanced undergraduate and graduate courses dealing with the theory model specifications methods and applications of income and wealth distribution income inequality and poverty assessment in measurement and the use of SAMs in the analysis of income distribution Income Distribution and the Macroeconomy Brian Nolan,1987 Subject Guide to Australian Business, Commerce & Law Books John E. Simkin,1992 A guide to the 5490 books in these fields in the TAustralian Books in Print database as at June 1992 and out of print titles notified since December 1989 with titles indexed under 3617 subject headings **The American Economic Review** ,1927 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Hand book of the American Economic Association **Large Sample Distribution of Several Inequality Measures with Application to Côte D'Ivoire** Nanak Kakwani,1990 Several measures have been devised to analyze income or consumption distribution inequality This paper presents the large sample distributions of several inequality measures that are used to test if the observed differences in sample estimates of their values are statistically significant The results presented in the paper are applied to analyze income inequality in Cote d Ivoire from the data of the Living Standards Survey 1985 *Journal of Economic Literature* ,1987 **Public Policy in Asia** Mukul G. Asher,David Newman,Thomas P. Snyder,2002 In this text experts in Asian economics public management law and the sciences explore critical issues that will have a role in future policy debates Topics include growth income security and fiscal reform governance and public management and technological innovation and the environment *Energy Services for the World's Poor* Penelope J. Brook,Suzanne Smith,2000 **SPRC Reports and Proceedings** ,1992 **Papers and Proceedings** Virginia Association of Economists. Meeting,1993 *Taxation, Poverty, and Income Distribution* John Creedy,1994 The book includes twelve essays examining various issues relating to income taxation and its redistributive effect as well as problems in the measurement of poverty and inequality Distributional Impact of Cash and In-kind Social Transfers in Eastern Europe and Russia Branko Milanović,1992 During the transition to a market economy cash social benefits in the formerly socialist countries must become more targeted as well as smaller in absolute amounts The reforming socialist economies are likely to follow the corporatist earnings linked model of continental Europe **Transactions of the National Academy of Science and Technology** ,1998 **Testing for Significance of Poverty Differences** Nanak Kakwani,1990 Several poverty indices have been suggested to measure the intensity of poverty suffered by those below the poverty line Because the studies are estimated on the basis of sample observations whether the observed differences in their values are statistically significant needs to be tested This paper provides distribution free asymptotic confidence interval and statistical inference for several poverty indices The methodology developed in the paper is applied to analyze poverty in Cote d Ivoire from the data of the Living Standards Survey 1985 **Reconstructing Poverty Profiles in the Philippines** Arsenio M. Balicasan,1999 On Equity Aspects of Imperfect Income Redistribution Jean-Yves Duclos,Université Laval. Département d'économique,Université

Laval. Groupe de recherche en politique économique, 1994
