Attachment In The Preschool Years Theory Research And Intervention:

Attachment in the Preschool Years Mark T. Greenberg, Dante Cicchetti, E. Mark Cummings, 1990 This collection of original articles by leading specialists in child development brings together work from diverse backgrounds and disciplines to establish for the first time the importance of the preschool period eighteen months to four years for parent child attachment relationships Balancing theoretical research oriented and clinical papers Attachment in the Preschool Years provides valuable data and approaches for those working in a wide range of fields including developmental psychology and psychopathology child psychiatry family therapy pediatrics nursing and early childhood education There is a wealth of information and thought in this book it does not have a weak or uninteresting chapter starting with the Preface by Emde and as a whole it forms a sort of seminar John E Bates Contemporary Psychology

Understanding Attachment and Attachment Disorders Vivien Prior, Danya Glaser, 2006-08-15 This book offers a thorough examination and discussion of the evidence on attachment its influence on development and attachment disorders Summarising the existing knowledge base in accessible language this is a comprehensive reference book for professionals including social workers psychologists psychiatrists teachers and researchers

Disorganized Attachment and Caregiving Judith Solomon, Carol George, 2011-06-16 In this volume leading authorities provide a state of the art examination of disorganized attachment what it is how it can be identified and its links to behavioral problems and psychological difficulties in childhood and beyond The editors offer a fresh perspective on disorganized attachment not as a characteristic of the infant or child but as the product of a dysregulated and disorganized parent child relationship They present cutting edge research and exemplary treatment approaches With attention to the subjective experiences of both mothers and children the book shows how focusing on the caregiving system can advance research and clinical practice

Attachment Parenting Arthur Becker-Weidman, Deborah Shell, 2010-06-02 Attachment Parenting describes a comprehensive approach to parenting children who have a history of neglect abuse orphanage care or other experiences that may interfere with the normal development of attachment between parent and child Grounded in attachment theory Attachment Parenting gives parents therapists educators and child welfare and residential treatment professionals the tools and skills necessary to help these children With an approach rooted in dyadic developmental psychotherapy which is an evidence based effective and empirically validated treatment for complex trauma and disorders of attachment Arthur Becker Weidman and Deborah Shell provide practical and immediately usable approaches and methods to help children develop a healthier and more secure attachment Attachment Parenting covers a wide range of topics from describing the basic principles of this approach and how to select a therapist to chapters on concrete logistics such as detailed suggestions for organizing the child s room dealing with schools concerns and problem solving Chapters on sensory integration art therapy for parents narratives and Theraplay give parents specific therapeutic activities that can be done at home to improve the quality of the child s attachment with the parent And chapters on

neuropsychological issues mindfulness and parent s use of self will also help parents directly The book includes two chapters by parents discussing what worked for them providing inspiration to parents and demonstrating that there is hope Finally the book ends with a comprehensive chapter on resources for parents and a summary of various professional standards regarding attachment treatment and parenting

Research on Children & Adolescents with Mental, Behavioral, & Developmental Disorders Institute of Medicine (U.S.). Division of Mental Health and Behavioral Medicine,1990

Research on Children and Adolescents with Mental, Behavioral, and Developmental Disorders ,1989

Hearing the Children Mathew Thorpe,Justine Cadbury,2004 Hearing the Children is the result of the 2003 Interdisciplinary Conference held at Dartington Hall The conference assembled a uniquely qualified group of contributors drawn from the professions most closely involved in the resolution of child welfare problems This book brings together their papers and offers both theoretical background and practical experience relating to the participation of children in family proceedings The book presents the latest thinking on child attachment theory and its implications in practice communication with children protection of children who are from minority ethnic mixed heritage and refugee families and participation and representation of children in proceedings Edited by the Rt Hon Lord Justice Thorpe and Justine Cadbury with contributions from leading experts from a range of relevant disciplines this book will be essential reading for all those involved in child law and practice

Lifespan Development Kelvin Seifert,Robert J. Hoffnung,Michele Hoffnung,1999-06-29 This chronologically organized text presents development from a growth perspective focusing on continuities and change throughout life By illustrating the connections and relationships among all stages Lifespan allows students to discover that human development is a lifelong process The Second Edition offers an even stronger emphasis on the lifespan approach to development as exemplified by four themes Lifelong Growth Continuity and Change Changing Meanings and Changing Vantage Points and Developmental Diversity

Adolescence ,2006

Emotional Development Peter J. LaFreniere,2000 Emotional Development is an area that has seen an explosion of research over the past 15 years Peter LaFreniere s timely book is the first text to synthesize this sub field in an accessible text aimed explicitly at both advanced undergraduates and beginning graduate students One of the central themes of this book is that emotions must be understood in an integrative way because of their complex connections with biological cognitive and social processes all of which undergo development Because of this essential unity emotional development is discussed not as a separate aspect of the self but as intimately linked to cognitive linguistic social and personality development

EMOTIONAL DEVELOPMENT A BIOSOCIAL PERSPECTIVE defines and describes a biosocial perspective on emotional development This biosocial perspective emphasizes the vital functions that emotions serve illustrating the necessity of uniting nature and nurture in order to more fully understand the development and function of human emotions

Roots of Mental Illness in Children Jean A. King,Craig F. Ferris,I. Izja Lederhendler,2003 These papers constitute the proceedings of a conference held in March 2003 the object of which was to build bridges between animal research and

clinical approaches for studying mental health and disorders in children and adolescents There are 28 papers and 15 posters altogether

Exploring Adult Attachment in Non-clinical and Clinical Samples Lynn Marshall Darling,1993

Treating Dissociative Identity Disorder James L. Spira, Irvin D. Yalom,1996 Dissociative Identity Disorder is a new and more accurate designation for what was formerly known as Multiple Personality Disorder In this comprehensive and original book some of the most eminent practitioners in the field offer the most current information on a variety of treatments for this fascinating and yet debilitating disorder

Personal Relationships During Adolescence Raymond Montemayor, Gerald R. Adams, Thomas P. Gullotta,1994-04-29 Educators will find much useful information in Personal Relationships During Adolescence It offers insights for program and curriculum planning and suggests numerous topics for stimulating discussions with teens It also raises provocative issues about how the developmental needs of youth can be served more effectively by families communities and educators Family Life Educator Personal relationships During Adolescence marks the launching of adolescent personal relationships as a field Rather than a cohesive or exhaustive book this book is a collection of high quality chapters The book holds the potential to define personal relations as an integrated line of study that serves to develop theory and research beyond contextual boundaries Journal of Marriage and the Family The contributors to Personal Relationships During Adolescence analyze the ways in which critical interpersonal bonds are forged and maintained by presenting the current works of leading scholars and professionals The relationships discussed are as diverse as the distinguished authors studying them The parent teen connection the impact of cultural diversity on teens social development same sex friends as well as opposite sex friends during adolescence heterosexual bisexual gay and lesbian romantic relationships adolescent crowds or cliques and relationships involving non kin adults The authors also explore conceptual issues that cut across relationships and the problem of integrating the views of both individuals in a relationship Researchers and students in the areas of adolescence close relationships social and personality development and family relationships will find this a must read book

See how They Grow Sue Martin, Jennifer Eileen Berke,2007 See How They Grow Infants and Toddlers is a book that offers an overview of the growth and development of infants and toddlers from the neonate stage through the age of three There is special emphasis on the phenomenological approach This approach requires that the caregiver adopts a perspective that leads to a more human and responsive understanding of each child This approach is combined with the scientific methodology allowing the caregiver to achieve a level of improved competence becoming reflective practitioners There is careful consideration of cultural differences in the book due to the ever present and increasing diversity of the US population This allows the caregiver to be fully aware of how culture beliefs and traditions can influence the ultimate development of a child The early chapters describe the philosophy of the book and explain various methods of observation They also provide a baseline of information on growth and development Further chapters focus on development in 3 month spans leading to the full examination of how children grow and change rapidly in all domains physical emotional social

cognitive and language Developmental variations and alerts are considered at each level including health and safety issues as well as potential signs of abuse and neglect The book includes multiple learning tools including key terms and words of wisdom as well as an online companion The reader will benefit fully from this thoughtful reference based in the acknowledgment that all children are competent and powerful learners Play Diagnosis and Assessment Karen Gitlin-Weiner,Alice Sandgrund,Charles E. Schaefer,2000-03-13 Through play children can express emotions that they cannot verbalise This completely revised edition of a classic field leading resource explains to clinicians how best to identify children s problems using play therapy techniques Parent-Focused Child Therapy Linda Jacobs,Carol Wachs,2006-08-24 This collection of essays from leading psychotherapists taps into the current literature on the efficacy of working with parents in solving their children s problems Wachs and Jacobs focus on identifying and evaluating a variety of approaches and their effects on standard qu *Parental Employment and the Parent-child Relationship* Jennifer Ann Cancio,2005

Developmental Psychopathology, Theory and Methods Dante Cicchetti,Donald J. Cohen,1995-05 The first of two complementary volumes on developmental psychopathology a new perspective on mental illness that ties mental disorder to normal development Developmental psychopathology is sufficiently different from older views of mental dysfunction as to be growing as a separate subdiscipline of psychology psychiatry This volume covers the history theory and methods of this new approach including the contributions of several standard theoretical viewpoints psychoanalytic system theory organizational information processing cross cultural etc examines the relationship between developmental psychopathology and genetics neuropsychology epidemiology and ethology and looks at the implications for psychometric theory **Parenting and Children's Internalization of Values** Joan E. Grusec,Leon Kuczynski,1997-10-03 In Parenting and Children s Internalization of Values leading advocates of these emerging points of view explain the approach to socialization taken in their work and review recent developments in theory and research that have influenced their conclusions
