## **Attempted Evocation Of The Civil War:**

**An Attempted Evocation of the Civil War** Agnes Yarnall,1980-01-01 The Civil War Round Table Civil War Round Table (Chicago, Ill.),1976 Uniform Trade List Annual ,1989 The Cumulative Book Index ,1981 A world list of books in the English language **The Publishers' Trade List Annual** ,1985 **The Civil War World of Herman Melville** Stanton Garner,1993 A detailed account of Herman Melville's life during the Civil War as well as study of his war epic *Battle Pieces* Remembering the English Civil Wars Lloyd Bowen,Mark Stoye,2021-10-17 Remembering the English Civil Wars is the first collection of essays to explore how the bloody struggle which took place between the supporters of king and parliament during the 1640s was viewed in retrospect The English Civil Wars were perhaps the most calamitous series of conflicts in the country's recorded history Over the past twenty years there has been a surge of interest in the way that the Civil Wars were remembered by the men women and children who were unfortunate enough to live through them The essays brought together in this book not only provide a clear and accessible introduction to this fast developing field of study but also bring together the voices of a diverse group of scholars who are working at its cutting edge Through the investigation of a broad but closely interrelated range of topics including elite popular urban and local memories of the wars as well as the relationships between civil war memory and ceremony material culture and concepts of space and place the essays contained in this volume demonstrate with exceptional vividness and clarity how the people of England and Wales continued to be haunted by the ghosts of the mid century conflict throughout the decades which followed The book will be essential reading for all students of the English Civil Wars Stuart Britain and the history of memory **British representations of the Spanish Civil War** Brian Shelmerdine,2024-07-30 This book looks at the reception of the Spanish Civil War in British popular culture and how supporters of both sides in Britain used the rhetoric and imagery of the conflict to bolster support for their respective causes in the arena of British public opinion Brian Shelmerdine finds that traditional notions of Spain as a country of bullfighting bandits and flamenco were pervasive and were significant in shaping wider UK government policy towards Spain He carefully assesses the different political perceptions of the 1930s Spanish scene the role of the Catholic Church the depiction of the two sides in terms of class race and ethnicity humanitarian appeals and the plight of the Basques The book is fluently written and should make fascinating and entertaining reading for scholars of British society and culture in the twentieth century as well as those investigating international impact of the Spanish Civil War **Subject Catalog** Library of Congress,1981 Civil Rights in the White Literary Imagination Jonathan W. Gray,2013-01-14 The statement The Civil Rights Movement changed America though true has become something of a cliché Civil Rights in the White Literary Imagination seeks to determine how exactly the Civil Rights Movement changed the literary possibilities of four iconic American writers Robert Penn Warren Norman Mailer Eudora Welty and William Styron Each of these writers published significant works prior to the *Brown v Board of Education* case in 1954 and the Montgomery Bus Boycott that began in

December of the following year making it possible to trace their evolution in reaction to these events The work these writers crafted in response to the upheaval of the day from Warren s Who Speaks for the Negro to Mailer s The White Negro to Welty s Where Is the Voice Coming From to Styron s Confessions of Nat Turner reveal much about their own feeling in the moment even as they contribute to the national conversation that centered on race and democracy By examining these works closely Gray posits the argument that these writers significantly shaped discourse on civil rights as the movement was occurring but did so in ways that intentionally or not often relied upon a notion of the relative innocence of the South with regard to racial affairs and on a construct of African Americans as politically and or culturally naive As these writers grappled with race and the myth of southern nobility their work developed in ways that were simultaneously sympathetic of and condescending to black intellectual thought occurring at the same time **The Communists and the Irish**

**Revolution** D. R. O'Connor Lysaght,1993 *Madness Triumphant* Lee Fratantuono 2,2012-06-28 *Madness Triumphant* A Reading of Lucan s Pharsalia offers the most detailed and comprehensive analysis of Lucan s epic poem of the civil war between Caesar and Pompey to have appeared in English In the manner of his previous books on Virgil and Ovid Professor Fratantuono considers the Pharsalia as an epic investigation of the nature of fury and madness in Rome this time during the increasing insanity of Nero s reign The volume proceeds chapter by chapter book by book through Lucan s poem as it unfolds the thesis that the poet Lucan crafted an epic response to both Virgil and Ovid the closing movement in a three act tragedy of madness In response to the Aeneid Lucan raises the idea that the final ethnographic settlement of Trojans and Italians may not have been for the best while in response to the Metamorphoses he explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan s poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer s Iliad and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all things The pervasive intertext of Lucan s epic poem with his predecessor Manilius Astronomica is also investigated as the nature of Lucan s response to both Stoic and Epicurean antecedents is explored Manilius stars are virtually sprinkled through the Pharsalia as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may ultimately be shown to conceal even more seductive truths [History on Film/Film on History](#) Robert A. Rosenstone,2023-11-30 *History on Film Film on History* has established itself as a classic treatise on the historical film and its role in bringing the past to life In the fourth edition of this widely acclaimed text Robert A Rosenstone argues that to leave history films out of the discussion of the meaning of the past is to ignore a major means of understanding historical events This book examines what history films convey about the past and how they convey it demonstrating the need

to learn how to read and understand this new visual world and integrating detailed analysis of films such as Schindler's List, Glory, October, and Reds. Advocating for the dramatic feature as a legitimate way of doing history, this edition includes a new Preface and a new chapter that focuses on films produced in Latin America, Africa, the Middle East, India, and East Asia. Examining the codes and conventions of how these films tell us about the past and providing guidance on how to effectively analyse films as historical interpretations, this book is an essential introduction to the field for students of history and film.

*Civil War Times Illustrated*, 1993      **Collected Writings and Speeches on Britain** Leon Trotsky, 1974      **JEGP, Journal of English and Germanic Philology** Gustaf E. Karsten, 1999      **The politics of male friendship in contemporary American fiction** Michael Kalisch, 2021-07-20

How might our friendships shape our politics? This book examines how contemporary American fiction has rediscovered the concept of civic friendship and revived a long tradition of imagining male friendship as interlinked with the promises and paradoxes of democracy in the United States. Bringing into dialogue the work of a wide range of authors including Philip Roth, Paul Auster, Michael Chabon, Jonathan Lethem, Dinaw Mengestu, and Teju Cole, this innovative study advances a compelling new account of the political and intellectual fabric of the American novel today.

Staging Gender in Behn and Centlivre Nancy Eileen Copeland, 2004

Staging Gender in Behn and Centlivre studies the representation of gender in four of the most important plays by the leading professional women playwrights of the late Stuart period: Behn's *The Rover* (1677) and *The Luckey Chance* (1686) and Centlivre's *The Busie Body* (1709) and *The Wonder: A Woman Keeps a Secret* (1714). First placed in their original theatrical and cultural contexts and then studied through subsequent productions and adaptations extending from the eighteenth century to the twentieth, the detailed analysis of these plays is framed by a discussion of the cultural position of the playwrights and the kind of comedy they wrote. The survival of these plays in the repertoire offers an unusual opportunity to examine the theatrical double life of works by early women playwrights. The lengthy production histories of these comedies placed them in dialogue with radically different ideas of appropriate and permissible behavior for both women and men. The resulting productions, alterations, and adaptations included both feminist reinterpretations and recuperations of the plays' challenges to dominant meanings of gender. This book will be of interest to scholars and students of dramatic literature, theatre, and women's studies.
