**Attila** John Man,2006-07-11 Chronicles the life of Attila the Hun focusing on his conflicts with the Roman Empire his influence over the history of Europe his image in the modern world his reputation for savagery and other related topics

**Attila the Hun** Bonnie Harvey,2013 Using what he learned from Roman soldiers as a child hostage Attila the Hun eventually returned to his native tribe of the Huns and unified them into a powerful army **Attila the Hun** Arthur K. Britton,2016-07-15 The Romans called Attila the Hun the Scourge of God and he stands out as one of the most brutal barbarians of the ancient world Though historians know surprisingly little about Attila what they do know confirms that he was an incredibly successful leader He united bands of his people to conquer large sections of Europe in the fifth century The vicious tactics of these nomadic peoples are matched only by the storied biography of their leader This fascinating account of Attila is supported by ancient primary sources as well as imaginative artwork depicting the ruler and his people **Attila the Hun** Scott Ingram,2003 Discusses the Roman Empire its collapse at the hands of barbarian hordes led by Attila the Hun and Attila s legacy **Attila the Hun** Ian Hughes,2019-09-30 A biography of the notorious tribal leader whose empire challenged the Romans Most know the name Attila the Hun but few are familiar with the full history behind this historical figure Rising to the Hunnic kingship around 434 he dominated European history for the next two decades Attila bullied and manipulated both halves of the Roman Empire forcing successive emperors to make tribute payments or face invasion Here Ian Hughes recounts Attila s rise to power attempting to untangle his character and motivations so far as the imperfect sources allow A major theme is how the two halves of the empire finally united against Attila prompting his fateful decision to invade Gaul and his subsequent defeat at the Battle of the Catalaunian Plain in 451 Integral to the narrative is analysis of the history of the rise of the Hunnic Empire the reasons for the Huns military success relations between the Huns and the two halves of the Roman Empire Attila s rise to sole power and Attila s doomed attempt to bring both halves of the Roman Empire under his dominion **Attila the Hun** Christopher Kelly,2008 History [Attila the Hun](#) William Herbert,2018-01-19 If the extraordinary individual who styled himself not unjustly the scourge of God and terror of the world had never existed the history of the Huns would have been very little more interesting to us at the present epoch than that of the Gepidae or Alans or any of the chief nations that were assembled under his banner but the immensity of the exploits and the still greater pretensions of that memorable warrior render it a matter of interest to know the origins of his power and the very beginnings from which his countrymen had arisen to threaten the subjugation of the civilized world and the extirpation of the Christian religion There has probably existed before or since the time of Attila but one other potentate who in his brief career passed like a meteor over Europe building up an empire that was maintained by his personal qualities and crumbled to atoms the moment he was withdrawn from it leaving however consequences of which it is difficult to calculate the extent or termination
