Bowman, Edward Champlin, Andrew Lintott. 2nd ed ,1970 **The Cambridge Ancient History** Alan K. Bowman, Edward Champlin, Andrew Lintott, 1996-02-08 The period described in this volume begins in the year after the death of Julius Caesar and ends in the year after the fall of Nero Its main theme is the transformation of the political configuration of the state to a dynastic monarchy and the establishment of the Roman Empire Central to the period is the achievement of the first emperor Augustus The Cambridge Ancient History Alan K. Bowman, Edward Champlin, Andrew William Lintott, 2006 **The Cambridge Ancient History: The Augustan Empire, 43 B.C.-A.D. 69, 2nd ed., 1996** John Bagnell Bury, Stanley Arthur Cook, Frank Ezra Adcock, 1934 **Augustus at War** Lindsay Powell, 2016-09-30 A penetrating assessment of Augustus as ancient Rome's military commander in chief The words Pax Augusta or Pax Romana evoke a period of uninterrupted peace across the vast Roman Empire Lindsay Powell exposes this as a fallacy Almost every year between 31 BC and AD 14 the Roman Army was in action somewhere either fighting enemies beyond the frontier in punitive raids or for outright conquest or suppressing banditry or rebellions within the borders

Remarkably over the same period Augustus succeeded in nearly doubling the size of the Empire How did this second rate field commander known to become physically ill before and during battle achieve such extraordinary success Did he in fact have a grand strategy Powell reveals Augustus as a brilliant strategist and manager of war As commander in chief imperator he made changes to the political and military institutions to keep the empire together and to hold on to power himself His genius was to build a team of loyal but semi autonomous deputies legati to ensure internal security and to fight his wars for him while claiming their achievements as his own The book profiles more than 90 of these men as well as the military units under their command and the campaigns they fought The book is lavishly illustrated with 23 maps 42 color plates 13 black and white figures and five order of battle schematics With a foreword by Karl Galinsky this book breaks new ground in explaining the extraordinary achievement of Caesar Augustus The Failure of Augustus E.A. Judge,2019-02-18 Augustus did not mean to become the Founder of the Roman Empire We only say this to make sense of what happened later At the time there were indeed suspicions However Augustus plugged on with his propaganda with a proud and clear aim in mind In the end though his own persistence defeated him In all history we must first find out what was true at the time This book focuses always on the particular words of Augustus and how his mind could be read from them It is not concerned with any contemporary focus of research in Augustan studies but offers rather a sustained argument over the primacy of the original sources in any historical interpretation Behind that lies the question of truth itself in any history *The Year One* Metropolitan Museum of Art (New York, N.Y.),2000 More than 150 works of art that exemplify all these societies at the Year One are illustrated in color and explained in this volume Historical summaries accompanied by maps briefly describe the nature of each culture and the flow of power and peoples during the period centering around the Year One **Ancient Rome** William E. Dunstan,2010-11-16 Ancient Rome masterfully synthesizes the vast period from the second millennium BCE to the sixth century CE carrying readers through the succession of fateful steps and agonizing crises that marked Roman evolution from an early village settlement to the capital of an extraordinary realm extending from northern Britain to the deserts of Arabia A host of world famous figures come to life in these pages including Alexander the Great Hannibal Julius Caesar Cleopatra Augustus Livia Cicero Nero Hadrian Diocletian Constantine Justinian and Theodora Filled with chilling narratives of violence lust and political expediency this book not only describes empire shaping political and military events but also treats social and cultural developments as integral to Roman history William E Dunstan highlights such key topics as the physical environment women law the roles of slaves and freedmen the plight of unprivileged free people the composition and power of the ruling class education popular entertainment food and clothing marriage and divorce sex death and burial finance and trade scientific and medical achievements religious institutions and practices and artistic and literary masterpieces All readers interested in the classical world will find this a fascinating and compelling history

Unveiling the Magic of Words: A Review of "**Augustan Empire 43 Bc Ad 69**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Augustan Empire 43 Bc Ad 69**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound affect on the souls of its readers.
