**The Failure of Augustus** E.A. Judge,2019-02-18 Augustus did not mean to become the Founder of the Roman Empire We only say this to make sense of what happened later At the time there were indeed suspicions However Augustus plugged on with his propaganda with a proud and clear aim in mind In the end though his own persistence defeated him In all history we must first find out what was true at the time This book focuses always on the particular words of Augustus and how his mind could be read from them It is not concerned with any contemporary focus of research in Augustan studies but offers rather a sustained argument over the primacy of the original sources in any historical interpretation Behind that lies the question of truth itself in any history *The Cambridge Ancient History: The Augustan empire, 44 B.C.-A.D. 70* John Bagnell Bury,Stanley A.
