The Lost Art of Real Cooking Ken Albala, Rosanna Nafziger Henderson, 2010-07-06 It's time to take back the kitchen It's time to unlock the pantry and break free from the shackles of ready made industrial food

It's time to cook supper. The Lost Art of Real Cooking heralds a new old-fashioned approach to food: laborious and inconvenient yet extraordinarily rewarding and worth bragging about. From jam, yogurt, and fresh pasta to salami, smoked meat, and strudel, Ken Albala and Rosanna Nafziger arm you with the knowledge and skills that let you connect on a deeper level with what goes into your body. Ken and Rosanna celebrate the patience it takes to make your own sauerkraut and pickles. They divulge the mysteries of capturing wild sourdoughs and culturing butter, the beauty of rendering lard, making cheese, and brewing beer, all without the fancy toys that take away from the adventure of truly experiencing your food. These foods were once made by the family in the home rather than a factory. And they can still be made in the smallest kitchens without expensive equipment, capturing flavors that speak of place and personality. What you won't find here is a collection of rigid rules for the perfect meal. Ken and Rosanna offer a wealth of recipes, history, and techniques that start with the basics and evolve into dishes that are entirely your own.

Seven Centuries of English Cooking Maxime de La Falaise, 1994. The hundreds of recipes in Maxime de la Falaise's delightful book triumphantly attest to the virtues of Anglo-Saxon gastronomy. Rich with the historical sense of taste, this book allows you to cook the rudiments of a medieval royal banquet, an Elizabethan nursery breakfast, or an eighteenth-century tavern lunch. The recipes are divided into five chronological sections, each preceded by an introduction recounting the fashions and the changes in the food and drink of the period; together they provide an overview of the evolution of English cookery. The earliest recipes, dating from the thirteenth century, are presented in their original language. Take *faire Mutton that hath ben roste* as well as in a modern translation, and all measures and quantities have been updated throughout. Many of the dishes are quite simple to make; others are quite literally fit for a king. All together, they constitute a delectable, sensual celebration of the development of English cuisine.

Jane Grigson's Book of European Cookery Jane Grigson, 1983. An introduction to the cuisines of Europe.

Cook's Encyclopaedia Tom Stobart, 2016-11-22. A descriptive compendium of just about everything we eat and how we cook it, selected as one of the greatest cookbooks of all time. Waitrose Food Illustrated, arranged alphabetically from Abalone to Zampone. Cook's Encyclopedia covers the majority of foods and processes used in cooking. Hundreds of ingredients are described with English and foreign synonyms and scientific names; recipes are given in many cases to illustrate the use of the foodstuff in question. Cooking processes including bottling, brewing, brining, curing, smoking, and vacuuming are explained in great and illuminating detail. The aim is to both entertain and to instruct, in particular to give a sense of the essence and individuality of each ingredient. Tom Stobart traveled widely, both as an explorer and a filmmaker, and his book was informed by an eye for telling details. Many fans say they would be lost without this book, which segues effortlessly between exhaustive reference work and handy recipe book, and back again. It explains the world of the kitchen, whether you're a beginner or an old hand, revealing the facts behind foods, equipment, and techniques. Stobart describes how baking powder works, for instance, the temperature at which bacteria grow, and how to make your own tomato ketchup, so every time you dip into this book, you'll be better.
