**Charles Berlitz's World of the Incredible But True** Charles Berlitz, 1991-08-01 [Earth, Man, & Devolution](#) R. Pilotte, 2009-01-28 A Girl on a couch appeared in an electro magnetically generated cloud and it was deduced to be a vision from the past UFO s are seen to appear and disappear out of nowhere and they are presumed to be entering and leaving another dimension The ancients speak of the Gods descending to earth and they re deduced to be spacemen from another galaxy seeding life on earth and helping evolution along Archaeologists see the pyramids and decide they were built by 200 000 slaves to exacting standards we can t match today just to bury a king People read about world flood legends look at Mount Everest say Impossible and decide the legends speak of local floods Anthropologists see writing start about 5000 years ago and deduce this is evidence of the greatest advancement in the history of mankind These deductions are all incorrect Find out what these and other curious tidbits really mean and how they ll change your world view forever Ever wondered where the Noah floodwater went Find out where it came from and finally where it went Radioactive Carbon 14 in our atmosphere isn t at equilibrium it forms at a faster rate than it breaks down Why And why is that crucial in figuring out the age of the earth Ever wondered what caused different races How about Dinosaurs Find out what killed them recently and be prepared for a shock because they aren t all dead One of the plagues of Egypt was the river of blood but this happened in more places than just Egypt Find out the cause This book solves the Bermuda Triangle disappearances invisibility the Tower of Babel frozen woolly mammoths erratics massive fossil sites all around the globe destruction of Mu and Atlantis We also figure out the origin of reincarnation the underworld the continents the seven heavens pole shifts the Sumerians and not just the origin of the gods we find out who they are How can one book solve so much Read *Earth Man Maps of the Ancient Sea Kings* Immanuel Velikovsky *Earth in Upheaval* Wallace Budge *Book of the dead* *The Hollow Earth* by Raymond Bernard and many more You can also see some of my letters published in *Atlantis Rising* magazine by doing an internet search of my title or however it s done I ve had 6 letters published to date [The Mysterious Origins of Hybrid Man](#) Susan B. Martinez, 2013-11-02 A provocative challenge to Darwin s theory of evolution Shows there is no missing link because the human race since day one is the result of outright interbreeding among highly diverse types Reveals multiple Gardens of Eden and how each continent has its own independent hominid lineages Explains Homo sapiens mental powers the Great Leap Forward and how we acquired the blood of the gods which endowed us with a soul Did we evolve from apes or are we all descendants of Adam and Eve Why is the missing link still missing Is the dumb luck of natural selection valid Piecing together the protohistory of humanity through anthropology genetics paleolinguistics and indigenous traditions Susan B Martinez offers an entirely original alternative to Darwin s evolution Modern humanity did not evolve but is a mosaic of mixed ancestry the result of eons of cross breeding and retro breeding among different groups including Cro Magnon Neanderthal hobbits giants and Africa s Lucy and Zinj Martinez shows that there were multiple Gardens of Eden and how

each continent had its own blend of races prior to the Great Flood which caused the diaspora that brought a renaissance of culture to every division of the Earth Martinez explains Homo sapiens mental powers the Great Leap Forward in cosmological terms how we are the product of both heaven and earth She identifies the Sons of Heaven and the angel engendered races explaining how Homo sapiens acquired the blood of the gods which endowed us with a soul Providing the ultimate resolution to the Evolution versus Creationism debate this landmark study of hybrid man justifies his unexpectedly sudden appearance in the fossil record the curious parallels between oral histories of the world s people and why anatomically modern features are found in the earliest paleontological evidence *Time of the Quickening* Susan B. Martinez,2011-03-28 A guide to the science of prophecy why so many predictions never come to pass and the Golden Age ahead Presents a mathematical means of divining the future revealed in the Oahspe Bible using the Egyptian Tables of Destiny a 12 000 year old system so exact it can foretell every day of the year Reveals that we are not headed for Rapture and the Apocalypse but for the Quickening the embryonic stage of a Utopian Age Examines the cycles of history and explains why many prophecies have not come true Reviewing the cycles of history from biblical times to the present and prophecies of the future from Nostradamus to Edgar Cayce and Jeane Dixon Susan B Martinez reveals that our current time of troubles is not the beginning of Rapture the Apocalypse or Armageddon but of the embryonic stage of a Utopian Age the Quickening of the human race Reviving the lost science of prophecy Martinez explains why so many great prophecies have failed and presents the 12 000 year old Egyptian system of prediction so exact it can foretell every day of the year a method based not on the planets astrology or intuition but on Earth s magnetic rhythms Using Earth science historical research religious texts spiritualism and patterns within the cycles of war and political milestones she demonstrates that the past is the hidden key to the future and uncovers the prophetic numbers of Earth s cycles 11 33 99 and 363 as set forth in the Egyptian Tables of Destiny ancient texts brought to light by the 19th century Oahspe Bible Explaining how readers can use the Tables of Destiny to make their own predictions of the future she presents her own forecasts of the risks and costs of technological progress the destiny of America the up and coming global religion the truth behind climate change and the cause of earthquakes and the true life expectancy of planet Earth as well as offering a preview of the Paradigm Shift and Golden Age ahead a time of global unity and awakening of the soul of the world *Random Acts of Kindness by Animals* Stephanie LaLand,2008-07-15 If you have ever loved an animal you have already suspected that there is something special about them This book proves it In these true heartwarming stories you will meet remarkable beings not only dogs and cats but gorillas dolphins bears seagulls rats and even a pig who have performed amazing acts of love and compassion You will also learn fascinating facts about the inherent kindness of animals toward humans and one another This is a uniquely memorable and inspiring gift for animal lovers around the world [Haunted North Carolina](#) Patty A.
