Charles Duke Of Orleans A Literary Biogr:

Charles, Duke of Orleans Norma Lorre Goodrich,1963 The strange life of the Duke of Orleans captured at Agincourt who spent twenty five years as a prisoner yet won fame as a lover poet and statesman *The New Cambridge Bibliography of English Literature* George Watson,Ian Roy Willison,1974 **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Canon, Period, and the Poetry of Charles of Orleans Anne Elizabeth Banks Coldiron,2000 A literary and historical study of the first single author book of lyric poetry in English **Charles D'Orléans in England** Mary-Jo Arn,2000 Studies of evidence of Charles d Orleans as scholar politician and poet during his 25 years of captivity in England Dictionary of World Biography Frank Northen Magill,Alison Aves,1998 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography The Middle Ages Frank N. Magill,2012-11-12 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography Encyclopedia of the Hundred Years War John A. Wagner,2006-08-30 Provides clear concise and basic descriptions and definitions to over 260 key people events and terms relating to the series of conflicts between France and England in the 14th and 15th centuries that later came to be known as the Hundred Years War The Encyclopedia of the Hundred Years War provides its users with clear concise and basic descriptions and definitions of people events and terms relating in some significant way to the series of intermittent conflicts that occurred between France and England in the fourteenth and fifteenth centuries and that later came to be known collectively as the Hundred Years War

Because this volume focuses exclusively on war itself what caused it how it was fought and what effects it had on the political social economic and cultural life of England and France it is not a general overview of fourteenth and fifteenth century history in either country but a specialized treatment of the Anglo French warfare that occurred during those centuries Entries cover battles leaders truces and treaties military terms and tactics and sources for the war including the plays of William Shakespeare who has long been an important if not always reliable source for information about the people and events of the Hundred Years War The Encyclopedia was written primarily for students and other nonspecialists who have an interest but little background in this period of European history Besides providing a highly usable resource for quickly looking up names and terms encountered in reading or during study the Encyclopedia offers an excellent starting point for classroom or personal research on subjects relating to the course causes and consequences of the Hundred Years War All entries conclude with suggested further readings A comprehensive bibliography completes the encyclopedia which is fully indexed *The New Cambridge Bibliography of English Literature: 600-1660* George Watson,1974 *The Panorama of Life and Literature* ,1856 *The McGraw-Hill Encyclopedia of World Biography* ,1973 **The Standard Dictionary of Facts; History, Language, Literature, Biography, Geography, Travel, Art, Government, Politics, Industry, Invention, Commerce, Science, Education, Natural History, Statistics and Miscellany** Henry Woldmar Ruoff,1922

Freedom, Imprisonment, and Slavery in the Pre-Modern World Albrecht Classen,2021-04-19 Contrary to common assumptions medieval and early modern writers and poets often addressed the high value of freedom whether we think of such fable authors as Marie de France or Ulrich Bonerius Similarly medieval history knows of numerous struggles by various peoples to maintain their own freedom or political independence Nevertheless as this study illustrates throughout the pre modern period the loss of freedom could happen quite easily affecting high and low including kings and princes and there are many literary texts and historical documents that address the problems of imprisonment and even enslavement Georgius of Hungary Johann Schiltberger Hans Ulrich Krafft etc Simultaneously philosophers and theologians discussed intensively the fundamental question regarding free will e g Augustine and political freedom e g John of Salisbury Moreover quite a large number of major pre modern poets spent a long time in prison where they composed some of their major works Boethius Marco Polo Charles d Orl ans Thomas Malory etc This book brings to light a vast range of relevant sources that confirm the existence of this fundamental and impactful discourse on freedom imprisonment and enslavement Prof Albrecht Classen is the joint winner of The Literary Encyclopedia book prize for 2023 Literatures written in languages other than English for this book https://www.litencyc.com/book/prizes/book_prizes_2023.php **Charles of Orleans, Prince and Poet** Enid McLeod,1970
