*Charles Olson* Albert Gould Glover, 1968      **Letters for Origin, 1950-1956** Charles Olson, 1969      *Charles Olson & Ezra Pound* Charles Olson, 1991      Writing Against Expulsion in the Post-War World David Herd, 2023-09-20 Writing Against Expulsion in the Post War World Making Space for the Human tells a pre history of the Hostile Environment The book s starting point is the rapidly escalating use of detention as a response to human movement and the global production of geopolitical non personhood in which detention results As a matter of urgency the book argues we need to understand what is at stake in such policies and to resist the world we are making when we detain and expel Writing Against Expulsion returns to a post war period when the brutal consequences of the politics of expulsion were visible and when it was clear to writers of all kinds that space for the human had to be made Drawing on contemporary histories of forced displacement eye witness accounts international legal documents and on a range of emblematic cross disciplinary texts and authors the Universal Declaration of Human Rights the political philosophy of Hannah Arendt the poetry of Charles Olson the revolutionary theory of Frantz Fanon the book shows how mid century writers both documented the lived experience of expulsion and asserted ways of thinking and acting by which expulsion could be prevented What emerged were new languages of rights and recognition new accounts of Moving Making and Speaking through which the exclusions of nation and border could be countered      **Late Modernism and 'The English Intelligencer'** Alex Latter, 2015-06-18 Despite the brevity of its run and the diminutive size of its audience The English Intelligencer is a key publication in the history of literary modernism in the British Isles Emerging in the mid 1960s from a dissatisfaction with the prevailing norms of Betjeman s England the young writers associated with it were catalysed by the example of Donald Allen s The New American Poetry as they sought to establish a revitalised modernist poetics Late Modernism and The English Intelligencer gives the first full account of the extraordinary history of this publication bringing to light extensive new archival material to establish an authoritative contextualisation of its operation and its relationship with post war British poetry This material provides compelling new insights into the work of the Intelligencer poets themselves and more broadly the continued presence of an international poetic modernism as a vital force in Britain in the second half of the twentieth century      **The Selected Letters of Robert Creeley** Robert Creeley, 2014 Robert Creeley is one of the most celebrated and influential of the postwar American poets His Selected Letters covering the years 1945 2005 are a foundational document in the recent history of North American letters Through his engagements with mentors such as William Carlos Williams and Ezra Pound peers such as Charles Olson Robert Duncan Denise Levertov Allen Ginsberg and Jack Kerouac and mentees such as Charles Bernstein Anselm Berrigan Ed Dorn Susan Howe and Tom Raworth Creeley helped forge a new poetry that re imagined writing for his and subsequent generations A stylist of the highest order Creeley s letters carry the clear mark of consummate literary artistry and document the life work and times of one of our greatest writers      **Charles Olson & Robert Creeley** Charles

Olson, Robert Creeley, 1982 Letters written during the spring and summer of 1951 convey the artistic concerns of the two writers and share commentary on their poems and essays in progress *Charles Olson* Enikó Bollobás, 1992 The 1950 publication of his essay Projective Verse marked the emergence of Charles Olson 1910-70 as a dynamic leader of avant garde poetry in America His poetry and essays including Human Universe In Cold Hell in Thicket and the nine books of Maximus Poems resonate with an intellect that has been compared to the likes of Herman Melville Ezra Pound and William Carlos Williams Olson's poetry packed with radical themes and a vast and eclectic spectrum of material places extreme intellectual demands on the reader Perhaps it was the difficult nature of his work that delayed any formal recognition of his achievement until 1988 when 18 years after his death he was awarded the National Book Award for The Collected Poems of Charles Olson Eniko Bollobas's Charles Olson introduces the reader to the radically imaginative and intensely demanding world of the poet By suggesting possible interpretations of Olson's themes while encouraging a creative interaction between the verse and the reader Bollobas taps into the same spontaneous and holistic manners of human perception advocated by Olson and provides a fresh approach to his work Charles Olson is a thorough and inspired introduction to the world of the poet and a valuable reference for students of avant garde and experimental poetry BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Dissonant Voices** Joseph Pizza, 2023-09-28 Dissonant Voices Race Jazz and Innovative Poetics in Midcentury America explores the braiding together of racial politics popular music and avant garde poetics in post war American culture Ranging from roughly the late 1940s to the early 1970s this study examines the development of open field poetics alternately termed projective verse after Charles Olson's influential essay of the same name In doing so it traces projective verse from its creation amidst the crucible of racial integration at Black Mountain College to its development through a series of interracial friendships explored among writers involved in the Boston San Francisco and downtown New York scenes to its reimagining by African American poets working in Harlem Los Angeles and beyond as part of the Black Arts Movement Because the histories of integration jazz and postwar poetics have been studied too often as the subjects of disparate narratives and separate disciplines this arc of their shared development has also been largely obscured To remedy this the present study takes an interdisciplinary approach with insights from contemporary histories performance studies sound studies critical race theory and literary criticism informing the mix of literary analysis musicology and historical detail that comprises each chapter Accordingly the book argues for an integrated approach to the New American Poetry and the Black Arts Movement one that situates the midcentury poetics of breath and performance in the context of the Civil Rights era politics and jazz music that informed it Moreover it also unearths significant and little understood connections between Black Mountain the Beats the Boston Renaissance the New York scene and the Black Arts Movement expanding thereby our understandings of each and in a more general sense of contemporary American poetry politics and music in the process *Charles Olson's Maximus* Don Byrd, 1980 **The National union catalog, 1968-1972**

,1973 **American Literary Magazines** Edward E. Chielens,1992-08-24 The history of modern American literature is inextricably tied to the history of the literary magazine Conversely in the individual histories of these magazines can be gleaned highlights of literary activity and insights on the writers and editors in the forefront The literary magazines of the twentieth century most of them known as littles because of small budgets and circulation and short lives number in the thousands Some like the venerable New Yorker have enjoyed wide circulation for well over half a century others like The Fugitive published in Nashville Tennessee in the early 1920s were regional and or experimental and short lived Of these thousands editor Edward E Chielens has selected seventy six of the most significant for description and analysis in individual historical essays An additional one hundred magazines are briefly profiled in an appendix Forty three scholars and writers contributed to this volume Following the pattern established in Chielens s earlier complementary volume *American Literary Magazines The Eighteenth and Nineteenth Centuries* the magazine essays also provide appended data on information sources and publishing history The volume introduction discusses the characteristics of different types of literary magazines in the twentieth century and their sponsoring organizations or individuals as well as the influence on their development of leading literary figures such as Ezra Pound and H L Mencken This discussion is bolstered by a chronological appendix to the volume presenting highlights in the history of literary magazines in the perspective of events in literary history An additional appendix provides a directory of major collections of literary magazines in the United States and Canada with descriptions of their holdings The Library Chronicle of the University of Texas at Austin ,1980 **First Printings of American Authors** ,1977 *Bulletin of Bibliography* ,1977 *Bulletin of Bibliography & Magazine Notes* ,1977 Robert Creeley, Edward Dorn, and Robert Duncan Willard Fox,1989 **American Poetry and Culture, 1945-1980** Robert Von Hallberg,1985 Challenging the common perception of poets as standing apart from the mainstream of American culture Robert von Hallberg gives us a fresh and unpredictable assessment of the poetry that has come directly out of the American experience since 1945 Who reads contemporary American poetry More people than were reading new poetry in the 1920s von Hallberg shows How do poets respond to the public preoccupations of their readers Often with fascination Von Hallberg put the poems of Robert Creeley and John Ashbery together with the postwar outburst of systems analysis The 1950s tourist poems of John Hollander Adrienne Rich W S Merwin and James Merrill are treated as the cultural side of America s postwar rise to global political power There are chapters on the political poems of the 1950s and 1960s and on Robert Lowell s sympathy for the imperialism of his liberal contemporaries Poems of the 1970s on pop culture especially Edward Dorn s Slinger and some from the suburbs of the 1980s are shown to reflect a curious peace between the literary and the mass cultures Poets and Print ,1988 A Lou Harrison Reader Peter Garland,1987 Articles interviews and letters by and about Lou Harrison
