Charles Taylor Thinking And Living Deep Diversity:

Charles Taylor Mark Redhead,2002-03-04 An examination and critique of the theoretical and political efforts of Taylor to promote deep diversity as an antidote to the process of political fragmentation in general and specifically in his home of Quebec Redhead political theory Oregon State U argues that Taylor s opposition to Quebecois separatists is equally rooted in a political theory of communitarian liberalism his political activities within the New Democratic Party of Canada and Quebec his understanding of his Catholic faith and his experiences growing up in an Anglo French household Redhead argues that Taylor s philosophy ultimately fails to address questions of nationalist projects that simplify identity or questions of openness to different moral ontologies

Charles Taylor's Doctrine of Strong Evaluation Michiel Meijer,2017-11-14 This book provides a comprehensive critical account of the philosophy of Charles Taylor The author engages with the secondary literature on Taylor s work and suggests that some interpretations and criticisms have been based on misunderstandings of the ontological dimension of strong evaluation while also developing a novel interpretation of Taylor s ontological thought Meijer argues that a close examination of Taylor s central concept of strong evaluation reveals both the potential of and the tensions in his entire thinking The analysis pursues the development of Taylor s thought from his very first philosophical papers 1958 until his most recent reflections in *Retrieving Realism* 2015 and *The Language Animal* 2016 It also examines in detail Taylor s ambitious philosophical project to connect arguments in philosophical anthropology ethics phenomenology and ontology across the full range of his diverse writings The book therefore specifically traces the links between Taylor s arguments with strong evaluation as their unifying leitmotif

Reasoning With Who We Are Mark Redhead,2014-04-04 Public reasoning a manner of democratic deliberation that can generate meaningful conceptions of justice the collective good and other unifying political values among individuals subscribing to varied and contrasting doctrines has been a perennial concern among political philosophers from historical thinkers such as Immanuel Kant to contemporary theorists like John Rawls and Jurgen Habermas In this ambitious study Mark Redhead explores versions of public reasoning in the works of six of the most

important voices in contemporary political theory Alasdair MacIntyre Charles Taylor Hannah Arendt Seyla Benhabib Michel Foucault and William E Connolly He identifies an important but as of yet unappreciated version of public reasoning one that provides creative and effective responses to questions at the forefront of liberal democratic political thought human rights secularity and global governance [Charles Taylor](#) Mark Redhead,2002-03-11 An examination and critique of the theoretical and political efforts of Taylor to promote deep diversity as an antidote to the process of political fragmentation in general and specifically in his home of Quebec Redhead political theory Oregon State U argues that Taylor s opposition to Quebecois separatists is equally rooted in a political theory of communitarian liberalism his political activities within the New Democratic Party of Canada and Quebec his understanding of his Catholic faith and his experiences growing up in an Anglo French household Redhead argues that Taylor s philosophy ultimately fails to address questions of nationalist projects that simplify identity or questions of openness to different moral ontologies [Central Works of Philosophy, Volume 5](#) John Shand,2005 Central Works of Philosophy ia a five volume set of essays on the core texts of the Western philosophical tradition From Plato s Republic to the present day the volumes range over 2500 years of philosophical writing covering the best most representative and most influential work of some of our greatest philosophers **Dialectics of the Self** Ian Fraser,2007 Fraser presents a critical evaluation of the Canadian philosopher Charles Taylor s conception of the self and of its moral and political possibilities [Comptes Rendus Philosophiques](#) ,2003 [Canadian Philosophical Reviews](#) ,2003 [Radical Philosophy](#) ,2002 **Martin Heidegger** Gregory B.
