Charles Tomlinson:

In Black & White Charles Tomlinson, 1976 **World as Event** Brian John, 1989-09-01 In 1962 when asked whether it was a good or bad period for writing poetry Robert Graves replied not unreasonably there's nothing wrong with the period but where are the poets from the introduction to *The World as Event* Brian John suggests that the work of Charles Tomlinson should be granted equal prominence Tomlinson never an imitator has remained isolated from groups and uninfluenced by movements Although his reputation as a major contemporary British poet was established early in the United States his work met with little notice in Great Britain Even now he is more accepted and appreciated outside his homeland Tomlinson suffers as did Keats and Tennyson from the accusation that his poetry is essentially un-British Brian John observes in his introduction that Wherever he has sought enrichment of his art however Tomlinson has remained intrinsically an English poet intent upon re-awakening English sensibilities to the real nature of the world I write as an Englishman who has responded to other horizons he declared in 1987 internationally minded though with the ballast of England and English to keep him Wordsworth's favourite word steady John presents a perceptive view of Tomlinson's work giving attention to the meaning of his poetry and tracing the sources of both his literary and philosophical thinking [Drafts of Poems by and Letters Received by Charles Tomlinson](#) Charles Tomlinson, 1951 Album including drafts of poems with a separate list of the poems by British poet Charles Tomlinson 1927-2015 as well as letters received by him from fellow authors Wallace Stevens 2 T S Eliot 1 and William Carlos Williams 8 [Passionate Intellect](#) Michael Kirkham, 1999-04-01 This critical study looks at the first four decades of Charles Tomlinson's poetic career and is the only published full-scale exclusive treatment of his poetry Tomlinson is a major British poet whose work has received more recognition in North America and continental Europe than it has in his own country where still in some quarters its character is misunderstood and therefore misjudged The purpose of Kirkham's study is to increase understanding and appreciation of the exceptional achievement of Tomlinson's poetry emphasising both the startling originality of his vision a unified vision of a natural human world and the subtlety of his poetic art The study is a reading of the poems which aims to show what they yield to close scrutiny and to remove misconceptions Known for its analytical rendering of sense impressions and its avoidance of the personal pronoun the objectivism of Tomlinson's poetry is not an exercise in asceticism but a means of enlarging the circumference of the perceiving self an expansion of self which is not at the same time an inflation of the self regarding ego Its theme is not objects as such but relations the relation of the perceiving self to the other of the human to the non-human world Its reputation for cool detachment is based on a misreading it is a poetry of energy and excitement which combines self-restraint with passionate conviction [Selected Poems](#) Charles Tomlinson, 1997 Presenting Charles Tomlinson's finest poems this edition of *Selected Poems* provides perfect entry into the work of one of England's contemporary masters Rendering with remarkable precision the response of the poet to the surfaces and depths of things as well as the world of historical necessity Tomlinson's poems embody aspects of both tragedy

and possibility **Charles Tomlinson and the Objective Tradition** Richard Swigg, 1994 The poetry of Charles Tomlinson is distinguished by its respect for the world as objective fact as set apart from human mythmaking symbolizing and egotistic projection In *Charles Tomlinson and the Objective Tradition* Richard Swigg examines the amazingly versatile speech and relationship that Tomlinson has brought to the concreteness of nature and city from the early poems of the 1940s up to the late 1980s by assessing the achievement within an Anglo American tradition of factuality from which Tomlinson has drawn strength and which his work now illuminates Blake's gleaming particularities Constable's science of painting Ruskin's visual energy Emerson's and Wordsworth's delight in humble solidities Whitman's celebration of American facts all belong to the lineage that as Tomlinson's poetry reveals takes on new expression in the modernism of Wallace Stevens and Marianne Moore This book traces Tomlinson's debt to Stevens and Moore in his poetry of the 1950s but gives special attention to the larger influence and widening of range that the art of William Carlos Williams exerted on the poetry of the 1960s and after Williams's sense of the local as a way into the universal touches a theme that has special significance for Tomlinson's Englishness and internationalism particularly in the way that this double quality gives us new insight into the poetry of other Englishmen Ivor Gurney and D H Lawrence in relation to Whitman Edward Thomas in relation to Robert Frost who also sought New World precisions to speak their nativeness The volume's close attention to the vocal grain and texture of many individual poems is especially marked in a chapter devoted to Tomlinson's politico historical poems on Danton Charlotte Corday and Machiavelli The poet not only provides a perspective on T S Eliot and Octavio Paz but in a poem about Trotsky's assassination draws on the singular American quality of Orson Welles's *Citizen Kane* Swigg assesses Tomlinson's stature in post war British poetry by contrasting his work with that of Philip Larkin and W H Auden and by demonstrating how much he shares with David Jones and Basil Bunting The latter two English internationalists of *The Anathemata* and *Briggflatts* have like Tomlinson won their way home to a Britain of spiritual density and concreteness **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved Charles Tomlinson Timothy Clark, 1999 Ever since his early collections of the late 1950s and early 1960s repudiated the parochialism of some of the Movement poets Charles Tomlinson has formed a unique voice in contemporary British Poetry Cosmopolitan intellectual and polyglot he has achieved an original blend of the high modernist tradition English Romantic aesthetics and contemporary phenomenology His work forms in his own words a phenomenology of perception one adapted to what could be termed an environmentalist ethic and aesthetic a defence of the irreducible idioms of place This book the first on this major English writer from a British publisher forms a comprehensive defence of Tomlinson's project including his work as a graphic artist as a translator and as a participator in experiments in multiple authorship and multi lingual poetry **Charles Tomlinson** Kathleen O'Gorman, 1988 This volume introduces Tomlinson and examines his work as poet and as painter In addition an essay by Charles Tomlinson reflects his own personal perspective on the relationship between poet and painter **Dust jacket** Sociologies of Poetry Translation

The Poetry of Charles Tomlinson Judith P. Saunders, 2003 Throughout Charles Tomlinson's fifty year career borders have served him as setting topic theme leitmotif metaphor and formal principle Encompassing discussion of more than two hundred individual poems this study offers a coherent framework for understanding the body of work created by a major late twentieth century poet The borders he explores are spatial temporal perceptual and ideological thus they comprehend a wide range of concerns from the ecological to the sociopolitical the philosophical the ethical and the aesthetic The poems focus on places literal and figurative where disparate realms converge e g sites of political and cultural displacement of theological or economic confrontation Defining what lies on either side of a given boundary Tomlinson's work invites a back and forth process of comparison and contrast hence it fosters a dynamic and multifaceted awareness A commitment to principles of juxtaposition and counterpoint influences the prosodical workings of the poetry as well manifesting itself in structural patterns in figurative usage in deployment of rhyme in line in syntax and in diction
