Charlie Tramp:

Charlie Chaplin and A Woman of Paris Wes D. Gehring, 2021-01-29 Charlie Chaplin's *A Woman of Paris* 1923 was a groundbreaking film which was neither a simple recycling of Peggy Hopkins Joyce's story nor quickly forgotten. Through heavily documented period research, this book lands several bombshells, including Paris is deeply rooted in Chaplin's previous films and his relationship with Edna Purviance. Paris was not rejected by heartland America; Chaplin did romantic research, especially with Pola Negri, and Paris's many ongoing influences have never been fully appreciated. These are just a few of the mistakes about Paris.

Charlie Chaplin Richard Carr, 2017-04-21 Richard Carr's *Charlie Chaplin* places politics at the centre of the filmmaker's life as it looks beyond Chaplin's role as a comedic figure to his constant political engagement, both on and off the screen. Drawing from a wealth of archival sources from across the globe, Carr provides an in-depth examination of Chaplin's life as he made his way from Lambeth to Los Angeles. From his experiences in the workhouse to his controversial romantic relationships and his connections with some of the leading political figures of his day, this book sheds new light on Chaplin's private life and introduces him as a key social commentator of the time. Whether interested in Hollywood and Hitler or communism and celebrity, Charlie Chaplin is essential reading for all students of twentieth-century history.

The Politics and Sociology of Silent Comedy Films Richard W. Waterman, 2025-05-19 Comedies were among the first films ever made, and comedy played a critical and often overlooked role in the early development of cinema. This original book holistically examines the political and sociological dimensions of silent comedy films and the motion picture industry at the turn of the 20th century. Richard Waterman takes a unique social science approach to the cinematic ecosystem and its development during this era, studying the wider context: the interconnected social, political, economic, and technological movements and forces that shaped film production, distribution, and consumption in this pivotal period in the history of film and culture. These include moral standards and censorship, class, racism, antisemitism, sexism, and the global film market. Additionally, the book analyzes specific films in depth to mine their themes, social context, and impact. Bridging the humanities and social sciences, this is a distinctive and valuable contribution to the study of early cinema.

In Between Two Matthew Lodge, 2021-11-21 It is the last generation of man. One is reborn from Zion's sanctuary. It will be his last attempt to achieve redemption for humanity and all of Creation. A World of realism collides with fantasy as events sounding eerily similar to our current era start to build a fantastic, gripping story that will leave you an instant fan.

The Comic Mind Gerald Mast, 1979-09-15 Although books on the comedies of the silent era abound, few have attempted to survey film comedy as a whole: its history and evolution, how the philosophical visions of its greatest artists and directors have shaped its traditions, and how these visions have informed both the meaning and manner of their work. Blending information with interpretation, description with analysis, Mast traces the development of screen comedy from the first crude efforts of Edison and Lumière to the subtlety and psychological complexity of *Annie Hall*. As he guides the reader through detailed discussions of specific films, Mast reveals the

structures the values and the cinematic techniques which have appeared and reappeared in comic cinema The second edition of *The Comic Mind* treats the comic developments of the 1970s in terms of the traditions of film comedy set forth in the first edition including a discussion of the evolution of Jacques Tati and the emergence of Mel Brooks and Woody Allen as the two greatest American comic stylists of the seventies The most comprehensive study of film comedy yet written in English The book s extensive index with references to companies from which 16mm prints of many of the cited films may be rented will be of great value to the film teacher and audiovisual librarian
