Charlie Russell Roundup Essays On Americas Favorite Cowboy Artist:

Charlie Russell Roundup Brian W. Dippie,1999 A collection of essays by various authors that explore the work influence and legacy of American cowboy artist and writer Charles M Russell Charles M. Russell Raphael James Cristy,2004 Well known for his sketches paintings and sculptures of the Old West Charles M Russell 1864 1926 was also an accomplished author in the humorous genre known as local color Raphael Cristy sorts Russell s writings into four general categories serious Indian stories men encountering wildlife cattle range characters and nineteenth century westerners facing twentieth century challenges Russell s art is often misinterpreted as mere longing for a fading open range west but his writings tell a different story Cristy shows how Russell amused his peers with stories that also delivered sharp observations of Euro American suppression of Indians and humorous treatment of wilderness and range issues plus the emergence of women and urbanization as bewildering agents of change in the modern West A welcome departure from the usual biographies and coffee table volumes on Russell and his art Cristy deals with an important yet relatively unexplored aspect of the career of one of the most influential interpreters of the American West Byron Price Director C M Russell Center for the Study of Art *The Mythical West* Richard W. Slatta,2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America s most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody s Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs *Gun crazy America* Frank N. Egerton,2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization **The Masterworks of Charles M. Russell** Charles Marion Russell,2009 In the decades bracketing the turn of the twentieth century Charles M Russell depicted the American West in a fresh personal and deeply moving way This handsome book a companion volume to the acclaimed Charles M Russell A Catalogue Raisonn edited by B Byron Price showcases many of the artist s best known works and chronicles the sources and evolution of his style **Into the Fray** Tom Mascaro,2012-09-30 From 1961 to 1989 a committed group of documentary journalists from the National Broadcasting

Company NBC reported the stories of America's overseas conflicts Stuart Schulberg supplied film evidence to prosecute Nazi war criminals and established documentary units in postwar Berlin and Paris NBC newsman David Brinkley created the template for prime time news in 1961 and bore the scars to prove it In 1964 Ted Yates and Bob Rogers produced a documentary warning of the pitfalls in Vietnam Yates was later shot and killed in Jerusalem on the first day of the Six Day War while producing a documentary for NBC News In Into the Fray Tom Mascaro vividly recounts the characters and experiences that helped create a unique colorful documentary film crew based at the Washington bureau of NBC News From the Kennedy era through the Reagan years the journalists covered wars rebellions the Central Intelligence Agency covert actions the Pentagon military preparedness and world and American cultures They braved conflicts and crises to tell the stories that Americans needed to see and hear and in the process they changed the face of journalism Mascaro also looks at the social changes in and around the unit itself including the struggles and triumphs of women and African Americans in the field of television documentary Into the Fray is the story of adventure loyalty to reason and life and death in the service of broadcast journalism
