Charlotte Nc:

Charlotte, NC William Graves, Heather A. Smith, 2012-06-01 The rapid evolution of Charlotte North Carolina from regional backwater to globally ascendant city provides stark contrasts of then and now Once a regional manufacturing and textile center Charlotte stands today as one of the nation's premier banking and financial cores with interests reaching broadly into global markets Once defined by its biracial and bicultural character Charlotte is now an emerging immigrant gateway drawing newcomers from Latin America and across the globe Once derided for its sleepy nine to five uptown Charlotte's center city has been wholly transformed by residential gentrification corporate headquarters construction and amenity based redevelopment And yet despite its rapid transformation Charlotte remains distinctively southern globalizing not yet global This book brings together an interdisciplinary team of leading scholars and local experts to examine Charlotte from multiple angles Their topics include the banking industry gentrification boosterism architecture city planning transit public schools NASCAR and the African American and Latino communities United in the conviction that the experience of this Sunbelt city center of the nation's fifth largest metropolitan area offers new insight into today's most pressing urban and suburban issues the contributors to *Charlotte NC The Global Evolution of a New South City* ask what happens when the external forces of globalization combine with a city's internal dynamics to reshape the local structures landscapes and identities of a southern place

Memories of Thompson Orphanage Stella Henson Griggs Batson, 2014-09-09 The stories in this book are true They will give you a glimpse into the lives of little children who are now grown men and women However before you read the stories there is a brief history of the orphanage that I believe you will find interesting No longer is the orphanage downtown Charlotte but moved outside the city limits to the orphanage farm on St Peters Lane Matthews North Carolina This is where our lake was and where the earlier children used to have so much enjoyment Most of them in these stories mention the farm and the lake These small children would have had little chance to grow up into strong men and women who could go out into the world and compete with the best of men had it not been for people who cared In the cases of the people in these stories it was Thompson Orphanage in Charlotte North Carolina the Episcopal Church and others that gave willingly toward the support of the orphanage You will get a glimpse into the lives of individuals from the day they went to Thompson Orphanage until this day Also another purpose of this book is help the public understand orphanages So many people feel sorry for children in orphanages These are blessed children because they were

given the chance in life that so many others needed but were not as fortunate The ones to feel sorry for are those whose families cant afford to care for their children and those children who are abused neglected and have no one to help them escape their situation
