*Attack of the Clones* David West Reynolds,2002 *Attack of the Clones* is the second chapter in the Star Wars trilogy This visual dictionary contains annotated photographs and stills recreating all the characters creatures droids and equipment from the film

**Star Wars Attack of the Clones** ,2013-07 A clear and detailed visual guide to the characters drones droids vehicles and weapons of Star Wars Episode II *Attack of the Clones* Illustrations and colour photographs of lead characters such as Obi Wan Kenobi Senator Padme Amidala and Jango Fett bring the film to life plus facts and stats discuss personality attack styles clothing and lightsaber techniques

**Star Wars** James Luceno,2005 Text and illustrations present characters from Star Wars episode III *revenge of the Sith* and the technology they use *The Star Wars Heresies* Paul F. McDonald,2013-09-17 Despite the insatiable public appetite for all things Star Wars the more analytical side of the saga is all too often ignored This book offers a new way of seeing George Lucas space opera particularly the prequel trilogy a series never given a fair chance because of constant comparisons to the iconic originals In the classic style of Joseph Campbell the trilogy is viewed through the lens of myth and metaphor revealing a body of work not only worthy of scholarly study but perhaps destined to find therein its home A wide variety of philosophical and mythological themes are presented and expounded upon drawing from a rich source of scholars thinkers writers and poets from East and West alike Heretical or not the Star Wars prequels are a surprisingly rich source of insight into the saga as well as the human drama as a whole

**Star Wars and the Hero's Journey** Valerie Estelle Frankel,2021-03-12 The original Star Wars trilogy famously follows Joseph Campbell s model for the hero s journey making Luke Skywalker s story the new hero quest for a modern age With the nine plus film saga complete however new story patterns have emerged as the hero s journey is imagined over and over for characters of different ages genders and backgrounds The prequels offer the plot arc of the villain s journey through Anakin Leia and Padme while damsels in the men s story break out to undergo their own ordeals The heroine s journey is exemplified by Rey and Jyn Obi Wan Yoda and Vader must accept the loss of power and fade into spirit guardians perpetuating the lifecycle By the sequel era the original trio become mentors to the younger generation and finally must do the same Meanwhile the *Mandalorian* explores a different form of the quest as he transforms from immature warrior to patriarch This book tracks the journeys of over 20 characters throughout the franchise

**Attack of the Clones Trivia Challenge** Ben Harper,Benjamin Harper,2002-10-08 An in depth trivia challenge about the Star Wars universe

**Star Wars Meets the Eras of Feminism** Valerie Estelle Frankel,2020-07-07 Star Wars defined popular big screen science fiction Still what many viewers best recall is assertive hilarious Leia the diminutive princess with a giant blaster who had to save them all As the 1977 film arrived women were marching for equality and demanding equal pay with few onscreen role models Leia echoed their struggle and showed them what they could be Two more films joined in though by the early eighties post feminism was pushing back and shoving the tough heroine into her pornographic gold bikini After a sixteen year gap the prequels catered

to a far different audience Queen Amidala's decoy power originates in how dominated she is by her massive royal gowns This obsession with fashion but also costuming as a girly superpower fits well with the heroines of the time The third wavers filled the screens with glamorous mighty girls strong but not too strong like the idealistic teen Ahsoka of Clone Wars However space colonialism abusive romance and sacrifice left these characters a work in progress Finally the sequel era has introduced many more women to fill the galaxy Rey Jyn Rose Maz Qi ra Val L3 37 Captain Phasma Admiral Holdo and of course General Leia Making women the central warriors and leaders while keeping them powerful and nonsexualized emphasizes that they can share in the franchise instead of supporting male Jedi There's also more diversity though it's still imperfect Hera and Sabine on the spinoff cartoon Rebels and the many girls in the new franchise Forces of Destiny round out the era along with toys picture books and other hallmarks of a new more feminist fourth wave for the franchise **Star**
