Atterbury Plot:

The Atterbury Plot E. Cruickshanks, H. Erskine-Hill, 2004-08-18 Robert Walpole foiled the Atterbury Plot by preventive arrests and holding those he suspected illegally without bail or trial When Parliament met and the Habeas Corpus Act was suspended he used show trials decided by votes along party lines and depending on forged evidence to curb the Tory party to reunited the Whig party and to consolidate his hold on power Rich in new material this book unravels for the first time the scale and international dimension of a plot which posed the most serious challenge to the Hanoverian regime before the 45 rebellion

Alexander Pope in the Making Joseph Hone, 2021-01-28 How did Alexander Pope become the greatest poet of the eighteenth century Modern scholarship has typically taken Pope's rise to greatness and subsequent remoteness from lesser authors for granted As a major poet he is treated as the successor of Milton and Dryden or the precursor of Wordsworth Drawing on previously neglected texts and overlooked archival materials Alexander Pope in the Making immerses the poet in his milieu providing a substantial new account of Pope's early career from the earliest traces of manuscript circulation to the publication of his collected Works and beyond In this book Joseph Hone illuminates classic poems such as An Essay on Criticism The Rape of the Lock and Windsor Forest by setting them alongside lesser known texts by Pope and his contemporaries many of which have never received sustained critical attention before Pope's earliest experiments in satire panegyric lyric pastoral and epic are all explored alongside his translations publication strategies and neglected editorial projects By recovering values shared by Pope and the politically heterodox men and women whose works he read and with whom he collaborated this book constructs powerful new interpretive frameworks for some of the eighteenth century's most celebrated poems Alexander Pope in the Making mounts a comprehensive challenge to the Scriblerian paradigm that has dominated scholarship for the past eighty years It sheds fresh light on Pope's early career and reshapes our understanding of the ideological landscape of his era This book will be essential reading for scholars and students of eighteenth century literature history and politics
