book can make you better but it will probably tick you off Winget is direct caustic and controversial You won't like or agree with everything he has to say Yet his advice is full of wisdom and truth that can't easily be argued with Words from Shut Up Stop Whining Get a Life that prove that this book is anything but typical If you don't have much going wrong in your life then you don't have much going on in your life When you work work When you play play Don't mix the two What you think about talk about and do something about is what comes about When it quits being fun quit Time management is a joke And that's just the beginning
