Personal visits and exchanges of letters with Alma Mahler and a close friendship with her daughter Anna inspired and encouraged him in his determination to become Mahler's biographer. In 1973 the first part of the biography Mahler Volume I published in English established his reputation and already displayed the wealth of detail and meticulous coverage of all known and often hitherto unknown sources which were henceforth to characterise his work. In 1986 Henry Louis de La Grange and Maurice Fleuret founded the Bibliothèque Musicale Gustav Mahler in Paris. Thanks to its impressive and ever-expanding collection of sources autographs books records scores and documents of every kind concerning not only Gustav Mahler but the whole repertory of classical music the facilities and resources the Library provides have already proved it to be an important stimulus for study and further research. The idea of compiling a Festschrift for presentation to Henry Louis de La Grange on his seventieth birthday was eagerly taken up by Mahler scholars in many countries and they have contributed essays and monographs of impressive range and profundity. This book is being published in the hope that it will prove to be not only a record of the widespread recognition of Henry Louis de La Grange's life-long devotion to Mahler research but also a significant contribution on its own right to the furtherance of that research. This book contains contributions in English German and French. **La montagne de mes rêves** Wallace Stegner, 1946 **Les enchantements de la forêt** André Theuriot, 1881 *La princesse Verte Les sabotiers L. cureuil Oiseaux et plantes des bois* **Le sommeil et les rêves** Alfred Maury, 1878 *Nos pères, mœurs et coutumes du temps passé* Belleval, 1879 **Revue politique et littéraire**, 1925 **La Revue politique et littéraire**, 1882 Host Bibliographic Record for Boundwith Item Barcode 30112124395051, 1875 *Les pruniers refleuris, poème tonquinois, transcr. par m.
